

This is the story of the luckiest boy in the whole world and he was Charlie Bucket the first poor boy who was the winner of the golden ticket contest and got the special prize and is to be the heir of Willy Wonka and now lives in the chocolate factory with Willy Wonka and his family and a day came where he grew up and is the new owner of the factory but unfortunately he feels alone because his grandparents died in 2013 and his mother and father are already very busy in their new jobs in the factory making candy and his father who previously worked in a toothpaste factory because he invented the first candy that did not cause cavities and repaired your teeth with cavities and leaves you with clean teeth and a good minty smell in your mouth but his father and his mother do not have much time to spend with their son and the only company that Charlie had is nothing more than a chocolatier and his employees the Oompa Loompas and Charlie felt sad that some of his best friends that he met on the tour at the chocolate factory he will never see them again and he never knew what happened to them after the golden ticket contest and tour to the factory but a miraculous thing will make Charlie Bucket meet his friends again but he didn't know it yet until now

(Charlie in Willy Wonka's office and Mr. Wonka enters and sees a picture of Willy Wonka's old shop on Cherry Street in London, England, and Charlie looks out the window and sees that old place already in ruins and abandoned, and Charlie feels sad about what is happening, and Willy Wonka enters his office)

Willy Wonka: What's Up Charlie?

Charlie: Well I feel very bad for everything that happened to your first candy store that started your entire candy empire and that some spies stole your recipes and those spies from other candy companies began to pirate your candy and that almost ruined your company and instead of suing the piracy you wanted to fire all your employees including my grandfather and this caused your store that started it all to be closed and also on the way I met new friends and unfortunately they lost them on the way and did not have a second chance and went home until never returning ever again and not knowing about them

Willy Wonka: Charlie, I'm sorry about all that. The reason I didn't sue them is because I didn't trust my employees, and that's why I decided to fire my employees, even though this caused my store to close. Also, those other four children were very annoying and spoiled, breaking the rules of my factory.

Charlie: But punishing children in a very cruel way and torturing them, for me that is very bad. They and those 4 are not bad, maybe they have a gentle, kind and kind side inside and the worst part is that I will never see them again and it is a shame for me.

Willy Wonka: Wow, that's very sad that you feel very alone.

Charlie: And I also realized that we are slowly getting closer to the 20th anniversary of the Golden Ticket Contest, which will be on July 15, 2025.

Willy Wonka: Wait, the anniversary is in a few days, I just forgot.

Charlie: I told you we should do one before, back in 2015, but that year you forgot and I had an idea.

Willy Wonka: And what is Charlie?

Charlie: Well, I had the idea of remodeling and reopening your old store that started this factory.

Willy Wonka: Oh good idea and but how

Charlie: Well, I had a wonderful idea and it's a new ticket contest and instead of 5 there will be 10 winners.

Willy Wonka: Oh, what good news! Now there will be 10 winners.

Charlie: And also at the end of the tour the prize is that they will work both in your factory and also some in your old candy store.

Willy Wonka: Sounds fantastic, Charlie. One of the new winners will keep my old store alive.

Charlie: And your store will also have a museum of how your factory started.

Willy Wonka: Sounds interesting, Charlie.

Charlie: And I also had another idea and that is that the tour will be safe and without any accidents and without cruel punishments, please.

Willy Wonka: Yeah, that's fine. I think I won't be so mean to young people anymore, but I hope none of the new 10 winners are mean and spoiled to me and cause another accident.

Charlie: And also in this new contest there will be some special guests.

Willy Wonka: Who Charlie

Charlie: Well, I thought it would be a good idea to invite the 4 former winners of the 2005 golden ticket who lost. They deserve a second chance, but the problem is that I don't know what happened to them or what they're doing now.

Willy Wonka: I wonder about that too.

(An Oompa Loompa arrives)

Oompa Loompa: Mr. Wonka

Willy Wonka: What's Going On?

Oompa Loompa Loomy: I found in some newspapers that it says that Augustus Gloop became the first Willy Wonka of Germany and Mike Teavee created his own animated film studio and even Mike Teavee bought the rights to his favorite cartoon character, Roger Rabbit.

Willy Wonka: Wait a minute, those two kids have already grown up and have a perfect life like me. That's fascinating. Those two kids learned something new and became good people.

Charlie: Oh my God, it's a miracle. I knew it. I knew those kids had a good and kind side like me.

Willy Wonka: Wow, that's good news for our idea to become a reality.

Oompa Loompa Loomy: What an idea!

Charlie: Our idea was to celebrate the 20th anniversary of the golden ticket contest and we will do a new golden ticket contest and instead of 5 there will be 10 tickets and the 10 winners will have the prize of working in the factory and also in the old Willy Wonka store on Cherry Street and also invite the former participants for a reunion and I need your help and if you can ask for help from some Oompa Loompas to start remodeling the store on Cherry Street before July 15, 2025 and that 2 Oompa

Loompas visit the places where my old friends live the first Oompa Loompa to visit Dusseldorf, Germany to invite Augustus Gloop and acquire his brand of German sweets and the other Oompa Loompa visit Los Angeles, California to invite Mike Teavee to this anniversary and while Willy Wonka and I are going to make the new golden tickets for the new winners

Oompa Loompa Loomy: Okay, I'll do it, bye.

Narrator: While Willy Wonka and Charlie were making the new tickets in the factory

An Oompa Loompa travels to Germany to the Augustus Chocolate Factory to invite 32-year-old German chocolatier Augustus Gloop to the 20th anniversary of the Golden Ticket.

(The Oompa Loompa knocks on the door and Augustus opens it)

Oompa Loompa: Hello, I came here looking for a Mr. Gloop. I want to talk to him.

Augustus gloop: oh hi i'm mister gloop what's up sir

Oompa Loompa: My name is Lofty Loompa and I come here from Willy Wonka and he wants to tell you congratulations for everything you did and he always thought that you would be a badly educated child with bad morals but it turns out that you just met one of his first friends who made you become like a child with good morals like Charlie Bucket and now you have become a famous chocolatier like Willy Wonka

Augustus Gloop: Oh, thank you, Mr. Lofty.

Lofty Loompa: And Mr. Wonka has to tell you that the 20th anniversary of the Golden Ticket contest is about to begin and he needs you to help reopen his old candy store on Cherry Street in London, England. And Mr. Wonka wants to meet you.

Augustus gloop: Yes, I accept.

Lofty Loompa: Well, pack your things, we have to go now.

Augustus gloop: Hey, but what's going to happen to my factory? Who's going to maintain it?

Employee Phillip Bollner: I can help you keep it.

Augustus gloop: Oh thanks, you will now officially be my temporary replacement.

Augustus Gloop: I'll finally meet Willy Wonka.

Narrator after Augustus Gloop accepted to be invited to the factory now we go to Los Angeles California to visit Mike Teavee and R.K. Maroon's studio in Toontown until a Wonka van arrives driven by a tiny man and gets out of the car and rings the bell and Mike Teavee, 25 years old, comes out)

Mike: Hello oh an Oompa Loompa

Oompa Loompa Lenny: Dear Mike Teavee, I came here for something special, although Willy Wonka believed that you would always be a strict, angry, and spoiled child addicted to video games. Well, I see

that you left video games and focused more on the world of film and television. Explain to me why you bought the rights to Roger Rabbit and why you left video games.

Mike: Well, after the tour, when I got home, my mom punished me for playing violent video games and she showed me cartoons and there I met Roger Rabbit and I became a fan of Roger Rabbit and this was what motivated me to work in the film industry.

Roger: Good morning, oh hello little man

Oompa Loompa Lenny: Oh hello Roger

Roger: And what are you doing here?

Oompa Loompa Lenny: Well, I'm here to invite Mike to the 20th anniversary of the Golden Ticket Contest and one thing, Mike.

Mike: What is it?

Oompa Loompa Lenny: I'm sorry for everything that happened at the factory and the accidents that happened in the TV room.

Mike: Yes, I know, I understand you.

Oompa Loompa Lenny: But luckily Charlie has implemented new safety policies in the factory to reduce accidents. We also replaced the TV in the TV room that just shrank you with a 4K HD flat screen in case someone accidentally teleports to the TV, they can come out at their normal size as if nothing happened. I'm also bringing you Willy Wonka's old TV that shrank you, which is an analog CRT screen, as a gift and prize for changing your personality.

Mike: Thank you very much, Lenny.

Oompa Loompa Lenny: Pack your bags, Mike, the factory is waiting for you.

Roger: Hey, can I go with him?

Oompa Loompa Lenny: Of course not.

Roger: ooh how bad

Oompa Loompa Lenny: Luckily I have this, a portal door that takes you to the TV room of Willy Wonka's factory in London or vice versa if someone wants to visit the Maroon Cartoons studio in Toontown and also when the day of the tour arrives you will see Mike again and even meet Willy Wonka and Charlie and their friends.

Roger: Oh how lucky

Oompa Loompa Lenny: Then let's go Mike

Mike: ok that's fine

Roger: Goodbye Mike, have a nice trip.

Narrator: Finally, two of Charlie's friends are back and now we'll focus on what's happening in the factory where Willy Wonka and Charlie finished making the 10 golden tickets and to identify who the

winner is, Mr. Wonka put a very fine microchip with GPS in the golden tickets and thus they will track the location of the new winners.

Willy Wonka: We've already finished the 10 golden tickets.

Charlie: Yes, Mr. Wonka, one question: how will we know who the new winners will be?

Willy Wonka: Calm down Charlie, I put a very thin microchip with GPS in the 10 golden tickets and that way we will know who the new winners are and where they live to invite them to my factory and with the help of my new invention, the golden ticket detector, and it helps to know in which country the 10 golden tickets and the winners are.

Charlie: wow sounds interesting

Oompa Loompa Donny Doo: Hey Mr. Wonka, I found the whereabouts of Veruca Salt. She is now 31 years old and works as a veterinarian in London. I contacted her, but she told me she can't because she is very busy with her new job.

Willy Wonka: Oh, I think she's going to miss this anniversary.

Charlie: I have an idea, it's better to forgive Veruca for everything she did when she was a greedy girl who really liked animals, but now she's not like that anymore, now she prefers to take care of them and not mistreat them, it's better if you give away one of Willy Wonka's squirrels from the nut room as a reward for stopping being like before.

Willy Wonka: Wow, that sounds like a good idea, very fascinating, Charlie.

(Meanwhile at Dr. Salt's vet, an Oompa Loompa arrives and rings the bell, and Veruca opens the door)

Veruca Salt: Hello who re you?

Oompa Loompa Donny Doo: I'm that Oompa Loompa who called on the phone and discovered that now you are no longer a greedy and millionaire girl who wants to create a zoo in her house and that you wanted to steal one of Willy Wonka's squirrels and that now you prefer to take care of them and heal them and a question how was that great change?

Veruca salt: Well while my parents forbade me to have many pets in my house because I heard a poor wolf cub howling that was outside my house and I saw that cute little wolf had a hurt paw from a bear trap that some hunter left in the forest and I decided to take that little wolf and I used bandages to heal his wound and I did it in secret without my parents finding out and when his paw healed instead of keeping it I let him free in the forest and I decided on an idea and it is to have only a few pets and like a pony a dog and two cats and the others I let them free in the forest and my old hamster died and I buried it in my yard and then I decided to work as a veterinarian and my parents accepted that job

Oompa Loompa Donny Doo: Oh wow, what a touching story. Since you did something right, I have a surprise for you. Willy Wonka gave you this gift that you wanted so much, and it's the squirrel from the nut room.

Veruca Salt: Ah my squirrel, how cute is one? Is one a forest squirrel or one from the factory?

Oompa Loompa Donny Doo: From the factory look (gives him a nut and the squirrel opens it perfectly without breaking the inside just the outside)

Veruca Salt: Wow, thanks Donny.

Oompa Loompa Donny Doo: You're welcome, but unfortunately I can't invite you to the reunion because on the anniversary you'll be very busy, since this squirrel represents a prize for changing your personality. Charlie and Mr. Wonka are very happy for your new life.

Veruca Salt: Thank you so much for this gift, Donny, and goodbye.

Oompa Loompa Donny Doo: Good luck at work Veruca Salt and goodbye

(Cornelia Prinzmetal's house is shown in Atlanta, Georgia. Cornelia Prinzmetal is a 20-year-old girl who is a fan of Willy Wonka and Charlie Bucket and she always wants to meet him. She is also Violet Beauregarde's best friend, one of the winners of Willy Wonka's golden ticket. However, these last few days she no longer hangs out with Violet and Cornelia, but she does not know that the reason is that her mother punished her daughter from eating gum and blueberries because of her traumas from visiting Willy Wonka's factory and her accident. Her mother decides to lock her room and forbids people from visiting the house, including Violet's best friend. But Cornelia does not know what is happening with the Beauregarde family. Meanwhile, what is happening with the Beauregarde family is that Violet Beauregarde's older brother, Ogilvie Maurice Beauregarde, feels sad about this problem. Mother Scarlett Beauregarde has taken her to any hospital that can remove the blue skin, but the doctors don't know how, and Ogilvie Maurice Beauregarde, her brother, asks her that it is better to return to Willy Wonka to help her, but her mother refuses that idea, but it turns out that it is worth it, but she didn't know it yet.

Cornelia Prinzmetal: (A girl with curly brown hair and wearing a tracksuit similar to Violet's outfit from 2005 but purple and she is in her room with a photo album of herself and her friend Violet when they were little and even in karate class and while she cries)

Cornelia Prinzmetal: (starts singing a song about Violet in a very sad musical segment in her room)
Violet, how I miss you so much and I don't know what you're doing now and for some strange reason your mother forbade me from visiting you but and I don't know what's happening with your family but I want to know how your visit to Willy Wonka's factory went and also I want to visit Willy Wonka's factory and meet him in person but I don't know how because my family doesn't have enough money to go on a trip to the United Kingdom to visit the factory in London, England but I think it will never happen (song ends)

(on tv a willy wonka commercial is shown showing an oompa loompa who announces that july 15 2025 will be the 20th anniversary of the golden ticket contest and that wonka bars have 10 golden tickets that if you are one of the lucky 10 winners who finds a ticket in the wonka bar you have a free trip to london england to meet willy wonka and his factory and even win the special prize of getting a job at the factory and even being the new owner of the old wonka shop on cherry street in london england and that is the first willy wonka shop that started it all and that july 15 will be its reopening and also the winning child will be accompanied by a relative or friend or guardian to take care of him and also wonka chocolates are the best in the world)

Cornelia Prinzmetal: That's it, what if I find one of the golden tickets? That means I'll finally meet my idol, Willy Wonka, and his heir, Charlie Bucket. In case Violet stays there in her house without leaving forever. I hope she's okay, but I don't have the money to buy one.

(And meanwhile at Violet Beauregarde's house her mother Scarlett brings her favorite dessert for her 26 year old daughter which is an ice cream cake but without blueberries (previously Violet liked blueberry pie with ice cream but because of her accident at Willy Wonka's factory she inflated like a blueberry and her skin turned blue although the Oompa Loompas helped her deflate it but her skin remains blue which now resembles Smurfette for being a blonde girl and with blue skin like the cartoon character the Smurfs)

Scarlett Beauregarde: Daughter, I have this for you. It's a vanilla ice cream cake, but without blueberries, because of that tragic accident at Willy's factory.

Violet Beauregarde: Don't mention that name. Oh, sorry, Mom. Thank you very much. Please no gum and blueberries. Please don't mention any of that.

Scarlett Beauregarde: Ok, goodbye, daughter. Go.

(His brother Ogilvie Maurice Beauregarde, a 25-year-old boy, arrives wearing a blue suit with gold buttons, blue trousers, and a red belt with a gold buckle.)

Ogilvie Maurice Beauregarde: Suck it all right or not at all

Scarlett Beauregarde: I don't think she's too disturbed by those bad memories at the factory and I want to take her to a psychiatrist but I don't know how because of her blue skin. I don't want many people to bully her because of her skin and tell her she's a Smurfette for being blue and blonde. I also spoke to many doctors to see if they could remove her blue skin but the doctors don't know how to return her to her normal pink skin. Wow, I feel like there's no solution now.

(Ogilvie watches the Wonka commercial about 10 golden tickets being in 10 Wonka bars and Ogilvie has an idea)

Ogilvie Maurice Beauregarde: I have an idea. I think I saw a Wonka commercial that talks about the new 10 Golden Tickets in Wonka chocolate bars.

Scarlett Beauregarde: I think it's a bad idea. I don't want my daughter to meet that chocolate-loving Mad Hatter who ruined her life.

Ogilvie Maurice Beauregarde: But I don't want to ruin my sister's life. I want to help her recover. I think Willy Wonka is the only one who can cure my sister and get everything back to how it was.

Scarlett Beauregarde I'm sorry but I don't think that's ever going to happen.

Ogilvie Maurice Beauregarde: Thank you very much, mom (goes to his room and in Ogilvie Maurice Beauregarde's room he has a collection of Sonic the Hedgehog toys and even Hot Wheels cars and many race tracks and even toys of the character Lightning McQueen from the Disney Cars movie and then Ogilvie starts playing Sonic the Hedgehog on his Sega Genesis)

(Meanwhile in the factory and Mr. Wonka and Charlie were in the television room and Willy Wonka watching the news to find out who will be the new winner of the golden ticket on the new giant 4k HD flat screen that the Oompa Loompas installed to avoid accidents that Mike suffered when he was little and in the distance there are two Oompa Loompas with the new portal door that opens to Mike Teavee and RK Maroon's studio but that door is not ready yet because the 2 Oompa Loompas are busy installing the new door)

Charlie: Mr. Wonka, come please. The first winner has been discovered.

Willy Wonka: I wonder who that is?

News Reporter: Good news the first golden ticket has just been found and it turns out it was an attractive 21 year old French young man named Marvin le Prune (Marvin le Prune is an attractive French boy with blond hair, a pink polo shirt, a light blue scarf and beige pants and a personality similar to Pepe le Pew but instead of a skunk he is a human boy with the same personality but instead of stinking like a skunk he prefers to smell good and bathe and not get dirty with dirt)

Marvin le prune: Bonjour, how are you, friend?

Reporter: Explain how you found the golden ticket.

Marvin the Prune: Well, I was walking down the street and I bought a Wonka bar and I took a bite and I felt something very hard, like a metal blade razor that prevented me from biting the chocolate, it almost broke my beautiful, clean teeth, with a good minty breath, and I thought I had a razor or a metal blade that I was almost going to report it to the Wonka company, and I saw what it turns out was not a sharp silver blade razor, and is the golden ticket.

Reporter: How exciting!

Marvin le Prune: Yes, I know, and when I visit the factory I'm going to conquer a beautiful Oompa Loompa girl and only with my beauty (pigeon poop falls on her head and she gets scared) no way, my hair, I have to go, goodbye and don't look at me (Marvin runs away and then a cartoonish skunk appears in mime clothes (a cameo by Jacquy le Mime Skunk, the first character that RK Maroon created in 1932, long before Roger Rabbit, and Jacquy le Mime Skunk is a rubberhose-style cartoon skunk from the 1930s, similar to a combination of Mickey Mouse or Oswald the Lucky Rabbit and Pepe le Pew, and in mime clothing with a black and white striped sweater and inflatable black pants and bloomers) and Marvin le Prune trips over the Mime Skunk and the Mime Skunk sits on Marvin le Prune in his inflatable pants and sprays marvin with his stink gas and jacquey pulls a sign that says sorry out of his pants)

Marvin le prune: Oh, I don't stink, don't look at me please.

Reporter: Please cut it, let's go to commercials (the please wait screen appears with a static beep)

Willy Wonka: Wow, I don't like that handsome boy because of his very ugly behavior, that he wants to conquer one of my female Oompa Loompas and with only his beauty and his good smell and but well, that boy deserved to fall on the butt of that skunk mime who sprays a fart on him and that he stinks badly and also that boy looks like a humanized version of a Looney Tunes character that I don't remember what his name is, if Peter the Pow or not.

Charlie: you means pepe le pew

Willy Wonka: Yes, Charlie, that character.

Charlie: But that young man, instead of stinking like a skunk, likes to smell clean, he doesn't like dirt and prefers to be very handsome. Although there are ugly people in the world, they have their beauty inside. This boy was born the other way around. He is handsome and beautiful, but his ugliness is inside. I also don't like those kinds of people with obsessive behavior towards women.

Willy Wonka: Yes, I understand Charlie, but oh well.

Oompa Loompa Roy: Hey, I have some bad news.

Willy Wonka who is Roy

Oompa Loompa Roy: Well, I just counted the golden tickets. It turns out they aren't 10 tickets, they're actually 11.

Willy Wonka and Charlie: What the hell (he is surprised by that mistake)

Oompa Loompa Roy: It's just that the last Wonka Bar number 10 out of nowhere was detected that it didn't have one ticket but 2 and it's too late and because the Wonka Bar number 10 is probably somewhere in the world and I don't want to cancel the contest to correct a small error

Charlie: It's better to leave it like that because probably someone decides to give it to someone who needs help and that means knowing if there are good people like me in the world.

Oompa Loompa Roy: Well, I don't think I'm going to get involved in small mistakes like that. Thanks a lot, Charlie.

Charlie: And also, please don't tell everyone that there are 11 tickets, Roy.

Oompa Loompa Roy: Okay, I'll keep it a secret, Charlie.

TV news reporter: Breaking news: The second golden ticket was found, and it was in Moscow, Russia.

Charlie: Mr. Wonka, I found the second golden ticket.

Willy Wonka: Seriously, who was he?

Reporter: The winner was a 22-year-old Russian girl named Miranda Piker, who is the daughter of the director of a Moscow secondary school.

Miranda Piker: Actually, I wasn't the one who found the golden ticket. It was actually my dad, the director of the Moscow school, director Leinov Nagrobsky Piker.

Principal Leinov Nagrobsky Piker: Yes, I saw in my school cafeteria an employee who works in the cafeteria kitchen with a box of Wonka chocolates to sell at my school without my permission and I saw him and went to confiscate them because in my school sweets or junk food with sugar and saturated fats are prohibited and while destroying all the Wonka bars I found one with a rare golden ticket and decided to hide it and give it to my daughter Miranda

Miranda Piker: Yes, and I hate chocolate and sugar, and sweets should be illegal and should be considered drugs that are not suitable for human consumption, and sugar corrupts children, and I also hate other things that corrupt children, which are joy and fun, and also, I'm going to the Wonka chocolate factory to destroy it and create a world without sweets. Do you understand what I said? Do you understand? (Miranda attacks the cameraman)

Leinov nagrobsky piker: daughter is enough please

Reporter: Please cut commercials again.

Charlie: What a grumpy girl who looks like Veruca Salt.

Willy Wonka: I think more like Mrs Trunchbull

Charlie: Who

(The Oompa Loompas finish the portal door in the TV room that leads to Mike Teavee's animation studio in Toontown)

Oompa Loompas: Ready, finished (Roger Rabbit opens the door)

Roger: Thanks a lot for the new magic door and hello Charlie

Charlie: good morning Roger

Willy Wonka: But what just happened? A Russian girl who behaves like the director Tronchatoro and who hates sweets and fun and her father is a male version of that cruel director from the London, England school and that director destroyed my Wonka bars and that family comes to my factory just to destroy it and that family are cheaters and "sons of their"

(Roger Rabbit gets scared and his ears curl up so he doesn't hear Willy Wonka swearing and Roger Rabbit covers Charlie Bucket's ears watching Willy Wonka screaming like crazy at the TV but in silence and Willy Wonka finishes screaming and Roger uncurls his ears and takes his hands off Charlie Bucket's ears)

Charlie: Thanks Roger.

Roger: You're welcome and I don't like bad words, they scare me.

Willy Wonka: I'm sorry, I just don't like that many people hate my delicious sweets.

Roger: Well, I have to go, bye.

Charlie: Goodbye Roger and one more thing Mr. Wonka who is Mrs Trunchbull?

Willy Wonka: Oh let me tell you something Charlie, well when I was little I went to primary school in London England for the first time and I met the headmistress Mrs Trunchbull and she was the worst headmistress in the whole world she hated sweets and fun and she punished the children by putting them in a room full of nails knives and broken glass

Charlie: Wow, that's very cruel and dangerous.

Willy Wonka: I know but a special girl arrived who was just like you, she was kind and gentle and her name was Matilda and it turns out that this girl was very smart and she also had a special super power and it was to control things with her mind and she used her powers to scare her and run to the school headmistress and then one day miss Honey arrived who was a good woman and she became the new headmistress and peace returned to that school

Charlie: What a beautiful story of your childhood, Mr. Wonka.

Willy Wonka: Yes, and you'll wonder what happened to that cruel headmistress. She ran away from this country and never came back. That's the end.

Charlie: It's a good thing that crazy principal escaped.

Willy wonka: yes i know charlie

(Meanwhile Violet Ogilvie's brother Maurice Beauregarde bought a Wonka bar while he was in school in Atlanta Georgia and then he runs into a girl who is Cornelia Prinzmetal but Ogilvie didn't know that that girl was his sister Violet Beauregarde's best friend and that Cornelia Prinzmetal didn't know that her friend Violet Beauregarde had a brother)

Cornelia: Oh my gosh, that's a Wonka bar.

Ogilvie maurice beauregarde: uh yes

Cornelia Prinzmetal: My best friend met Willy Wonka but she can't explain how her experience was. I haven't seen my friend in years. And I also want to meet Willy Wonka. I saw on the news that a new golden ticket contest started and two winning children appeared. One was French and the other was a Russian girl. I have never tried Wonka chocolate in my life. I always wanted to try one, but I don't have much money to buy one.

Ogilvie Maurice Beauregarde: Yes, I understand you. I also bought this Wonka bar to find the golden ticket to help my sister.

Cornelia Prinzmetal: Well, it's time to see if you can find the golden ticket.

(Ogilvie Maurice opens the Wonka bar and nothing but chocolate)

Ogilvie Maurice Beauregarde: Too bad it's empty, but I can give you some of my Wonka bar.

Cornelia Prinzmetal: Really clear, thank you very much. This is the first time I've tried Wonka chocolate. It's delicious. Thank you.

Ogilvie Maurice Beauregarde: And what is your name?

Cornelia Prinzmetal: I am Cornelia Prinzmetal

Ogilvie Maurice Beauregarde: Cornelia, that name sounds familiar to me. My sister had a friend named after you, Cornelia.

Cornelia Prinzmetal: And what is your sister's name?

Ogilvie Maurice Beauregarde: Uh, I prefer not to say it, but my mother forbade me from saying her name to privatize her identity because she had a tragic accident and has not yet recovered.

Cornelia Prinzmetal: Oh, what a sad story your sister had.

Ogilvie Maurice Beauregarde: I know. I hope one day to buy a new Wonka chocolate and find the golden ticket to visit Willy Wonka's factory just to take my sister to cure her incurable illness. And Willy Wonka is the only one who knows about these things.

Cornelia Prinzmetal: Wow, that's what you want. Finding the golden ticket. Helping your sick sister. That's being a good brother. And I also remember that my friend was one of the first winners to get Willy Wonka's golden ticket. It was my friend Violet B.

Ogilvie Maurice Beauregarde: (nervous) Let's not talk about your friend, please.

Cornelia Prinzmetal: What's going on?

Ogilvie Maurice Beauregarde: Ummm, nothing. Hey, do you know Sonic the Hedgehog?

Cornelia Prinzmetal: Yes, because

Ogilvie Maurice Beauregarde: HE IS MY FAVORITE VIDEO GAME CHARACTER AND HE EVEN HAD 6 ANIMATED SERIES. FIRST HE STARTED WITH A VERY CARTOONISH AND FAMILY FRIENDLY SLAPSTICK COMEDY SERIES CALLED THE ADVENTURES OF SONIC THE HEDGEHOG AND ANOTHER MORE ACTION AND ADVENTURE AND SERIOUS AND DARK CALLED SONIC SATAM AND ANOTHER EQUAL ACTION AND ADVENTURE WHERE SONIC HAS BROTHERS AND ARE PART OF A ROCK BAND CALLED SONIC UNDERGROUND AND HE ALSO HAD AN ANIME CALLED SONIC XY EVEN A 3D ANIMATED SERIES BASED ON THE WORST GAME IN THE SAGA CALLED SONIC BOOM BUT HIS SERIES WAS MUCH BETTER THAN THAT BAD GAME AND ALSO A SERIES OF NETFLIX WHERE SONIC TRAVELS THROUGH OTHER DIMENSIONS AND PARALLEL UNIVERSES CALLED SONIC PRIME AND ALSO THE 3 LIVE ACTION FILMS AND ITS FOURTH INSTALLMENT WHICH WILL BE RELEASED IN 2026 OR 2027

Cornelia Prinzmetal: Oh, you're such a cool Sonic fan, and I only saw the first 2020 movie.

Ogilvie Maurice Beauregarde: Thank you very much, and I have to go to my electronic class. Bye.

Narrator: Apparently I think that Violet Beauregarde's brother meets his sister's best friend for the first time and they are about to start a new friendship although Violet's brother doesn't know that this girl is Violet's friend and that Violet's best friend met his brother without knowing that he was her brother they believe that one day the 2 will reveal their secrets when they find their golden tickets only time will tell but we return to the factory with Willy Wonka and Charlie watching the news and tracking down their new winners

Newscast: Finally, 3 golden tickets were found in a single day.

Charlie: Mr. Wonka, good news. Come on, we found 3 tickets in one day.

Willy Wonka: Oh how lucky I want to know who they will be

Reporter: Winner number 3 is a young Italian named Tommy Troutbeck, 27 years old and originally from Rome, Italy (a big, robust Italian cook boy with a mustache on his face and wearing a white shirt, blue overalls, and a blue chef's hat. He works in a pizzeria and also likes chocolates and gelato).

Tommy Troutbeck: Its a me Tommy (with an Italian accent similar to Mario Bros.' voice and a reference to the phrase Its a me Mario)

Reporter: Hey, how did you find the ticket, my dear Tommy?

Tommy Troutbeck: Mama mia, I remember it was yesterday, because one day was very hard. I cooked a lot of pizzas and spaghetti and traveled all over my beautiful city of Rome, but I was able to finish my work and my parents congratulated me on my work and effort and they gave me a Wonka bar as a gift and I opened it. Oh boy, I finally found the golden ticket.

Reporter: And how will you celebrate when you visit Willy Wonka's Chocolate Factory?

Tommy Troutbeck: Well, I want to visit it to try the eternal gelato that never melts, that this guy Willy Wonka invented.

Willy Wonka: Oh what a relief. At first I thought it would be a doppelganger of Augustus Gloop, but it turned out to be simply a cook with the voice of an Italian plumber who reminds me of that Nintendo video game called Super Mario Bros.

Charlie: Wow, I really liked that boy.

Willy Wonka: And I think I heard that Tommy wants to try the eternal gelato or rather my eternal ice cream that doesn't melt. I think I have a surprise for him on the tour.

Reporter: And the fourth golden ticket was found by Ramirez Jimenez, an 18-year-old boy originally from Mexico City, Mexico.

Willy Wonka: Wait, did he say Mexico? But that's the only country where I haven't sold a Wonka product, and I wonder how he got it.

Reporter: Excuse me, Ramirez, how did you get a Wonka bar in Mexico? This is the only country where the Wonka brand hasn't been sold.

Ramirez Jimenez: Uh, mom, help, Tengo Miedo.

Reporter: What's up kid?

Ramirez Jimenez: Sorry, I'm just really nervous being on TV and a lot of people are watching me, but well, I only remember going to a flea market or tianguis, as they call it in other countries. I was walking quietly with my mom and I saw a vendor selling food from other countries, and I saw some Wonka chocolate bars. These bars aren't sold in my country, only in USA and UK. But I bought them and I got this golden ticket, but I don't know what it means, and I'm afraid it might be fake, and if the vendor is a scammer, uh, ah, ah, mom help, cry.

Reporter: Wait, I have a call and it's from Willy Wonka and it's for Ramirez.

Ramirez: Hola

Willy Wonka: Hey, I have good news for you. That ticket is real, and I know it because my invention, called the golden bottle detector with GPS, found the fourth ticket in Mexico.

Ramirez: Thank you very much, señor, but I don't know if the ticket is real, señor. Wonka.

(An Oompa Loompa arrives with a metal detector and puts his detector on the ticket and the detector beeps which means that it is real 24 karat gold and not a paper with gold paint)

Oompa Loompa: It's real gold, not fake.

Ramirez: Muchas Gracias.

Willy Wonka: Goodbye or Adios

Reporter: Wow, a call from Willy Wonka could have helped this child to know that his ticket was genuine and not fake and it turns out that with the arrival of the golden ticket contest in Mexico, pirated copies of the Wonka bar began to come out to scam people and these fake bars have fake golden tickets made of paper with gold paint and please do not fall for these scams and the golden tickets must be made with 24 karat gold and not fake gold wallpaper and other good news the police arrested some members of organized crime in Mexico who were counterfeiting fake Wonka chocolates and finally this new scam is over and we will continue with the other news

Willy Wonka: Wow, I think I have to go visit Mexico and learn about its culture and open the first Wonka factory in Mexico.

Reporter: Then we go to the 5th winner who was the 26-year-old girl named Yingtao Lee and is originally from Shanghai, China.

Charlie: Oh, the winning 5th, and there are only 5 more left, and there will be 10. I'd rather say 6 more, and there will be 11. In case someone finds the last Wonka bar with 2 tickets and gives the other ticket to someone else.

Reporter: Here I am in Shanghai, China to meet Yingtao Lee (Yingtao Lee is a girl who suspiciously resembles Violet Beauregarde but with Chinese facial features and with sportswear similar to Violet Beauregarde's from 2005 but red and with the same hair style but red and she is good at kung fu and her favorite food is cherries and Yingtao is shown practicing kung fu)

Meilin Tao Lee (Yingtao Lee's mother): These are all awards my daughter has won in different sports.

Yingtao lee: ni hao I'm yingtao and I really like cherry gum and when I saw the news about the golden ticket contest I changed the gum and cherries for chocolates

Meilin Tao Lee (Yingtao Lee's mother): I knew my daughter was going to be a winner, and I was also a winner for being an Olympic athlete.

Yingtao Lee: I know only one person will win the special prize, but listen carefully. I don't care who the other 10 are, but I will be the one who gets it because I am a winner.

Willy Wonka: Wow, that fifth winner, her attitude seems familiar to me.

Charlie: Reminds me a lot of Violet Beauregarde

Willy Wonka: Wow, I didn't know there was a Violet doppelganger that was made in China.

Charlie: Wait a minute, I think I forgot about Violet and I don't know what she's doing now after the last contest.

Oompa Loompas: Unfortunately we couldn't find out Violet's whereabouts, she wasn't seen again and we don't know why.

Charlie: Well, I hope she's okay.

Willy Wonka: Well, although we don't have answers from Violet, we do get her Chinese counterpart who behaves just like her.

(And again returning to Atlanta, Georgia, in the city where Violet lives and Ogilvie is shown, Maurice Beauregarde arrives at Cornelia Prinzmetal's house and knocks on the door, and Cornelia opens it)

Ogilvie Maurice Beauregarde: Hello Cornelia, do you want to go for a walk?

Cornelia Prinzmetal: yes of course

(Moments are shown where Ogilvie Maurice Beauregarde decide to go for a walk in the park and Ogilvie impresses Cornelia with skateboard tricks and then they have a picnic Cornelia eats a sandwich with grape jelly and grape juice and Ogilvie Maurice with a chili dog and an energy drink blueberry flavor called blue-bolt-berry and then Ogilvie and Cornelia visit an arcade video game room and play Sonic games on a retro multi-game arcade machine and then Ogilvie says goodbye to Cornelia and Cornelia says goodbye to Ogilvie and the two return to their homes and finished with this scene where the friendship of Ogilvie and Cornelia is shown)

And returning to Willy Wonka's factory where Charlie and Mr. Wonka search for their new winners through the news and Willy Wonka's golden ticket GPS and it is discovered that again 3 winners find the golden ticket in a single day.

Reporter: I'm here in New Delhi to meet the 6th winner, Princess Shayla Pondicherry, the daughter of Prince Pondicherry, the owner of the Pondicherry Chocolate Factory (Princess Shayla is a 21-year-old Indian girl wearing a red harem dress and a red hood).

Charlie: Hey, is she the daughter of
the prince from the story my grandfather told me

Willy Wonka: Oh, he's my old friend Prince Pondicherry of India. He asked me to build him a chocolate castle, but I told him it was a bad idea. But he ignored me and decided to use it as his home. One very hot summer day, his castle melted completely. He asked me how the hell he got so much money to build a chocolate factory if he spent it all on his chocolate castle.

Reporter: Princess Shayla, is it true that your father met Willy Wonka and with the help of his friend built a chocolate castle?

Shayla Pondicherry: Yes, I remember that story. She also used the chocolate from her old castle to sell it and get money. That's how she started creating her chocolate business until she built her own chocolate factory.

Prince Pondicherry: I knew my daughter would find the golden ticket and with this I will finally be reunited with my old friend and explain how I became a chocolatier like him.

Willy Wonka: I'm very proud to see my old friend again and I'm looking forward to meeting him again. I'm interested in knowing his story.

Reporter: And now we're going to Florida, United States, to meet the seventh winner, who is Jordan Wilbur Rice, 18 years old.

Reporter: Hi Jordan, explain to me how you got the golden ticket.

Jordan Wilbur Rice: Well, it turns out I was walking down the street and I saw a homeless man with a Wonka chocolate, but it was one with the golden ticket, but the homeless man decided to throw the golden ticket in the trash and I felt sorry for him when I saw this and I decided to pick up the ticket and keep it.

Reporter: Oh, that's great what you did. Wow, I can't believe that almost one of the golden tickets was lost and that a child found it in the trash because a homeless man threw it in the trash because that homeless man only wanted the chocolate and not the ticket. And how good is this young man, he was a great hero.

Charlie: Wow, this kid did something very right.

Willy Wonka: I know, I can't believe someone threw away one of my golden tickets and a kid saved it. Well done, Jordan. Well done.

Reporter: And then the eighth winner was a certain Johnny Jay Cat who lives in Toontown but it turns out that for some strange reason the coordinates of that place called Toontown took me to an old road that takes me to a dark tunnel in a mountain in Los Angeles, California and there is nothing strange here. Is this some kind of joke or something? I don't know what's going on.

Willy Wonka: Wait, how strange is this possible? And also, my GPS device detects the eighth golden ticket and there's nothing there. It just sends me to that tunnel in a mountain in Los Angeles, California.

Charlie: I don't know what's going on.

(Roger Rabbit appears again, entering through the door of the television room to Mike Teavee's studio in Toontown)

Roger: Good news! A cartoon character who lives in Toontown, who is a friend of mine, found the eighth ticket.

Willy Wonka: Oh, I understand. (He calls the reporter.)

Reporter: Hello, what's up again?

Willy Wonka: Hello, I'm Willy Wonka again, and I'm asking you to enter that tunnel because it will take you to Toontown.

Reporter: Thank you, come on, cameraman, follow me please. We have to go through that tunnel because Willy Wonka told me that he's taking us to Toontown. (They enter the tunnel and see the Looney Tunes and Disney cartoon characters and they welcome them.)

Cartoon Characters: Good morning

Reporter: Wow, I can't believe it. Cartoon characters are real.

(Johnny Jay Cat appears, a cartoonish orange cat who he wears an purple inflatable pants, a brown hat, and a beige bow.)

Johnny Jay Cat: Good morning, I'm the first cartoon character to win a tour of Willy Wonka's factory. My name is Johnny Jay Cat.

Reporter: Wow, I can't believe the eighth winner is a caricature of this magical world and that he found Willy Wonka's golden ticket.

Johnny Jay Cat: Yeah, and look at my golden ticket. (He takes a bike out of his purple inflatable pants.) Oops, wrong pocket, let me see. (He takes a lot of toys out of his inflatable baggy pants and finally finds the ticket.)

Johnny Jay Cat: Here it is

Roger: Oh hey, I have a surprise for you. Follow me to Mike Teavee and Rakoon Maroon's studio.

Reporter: Oh what a surprise! It's Roger Rabbit and he has a surprise for us. Let's see what he has.

(The reporter, the cameraman, and Johnny Jay Cat follow Roger to Mike's studio and run into Rakoon Maroon (RK Maroon) and greet them.)

Rakoon maroon: Hello, how are you?

Reporter: Perhaps you are Mr. RK Maroon, the creator of Roger Rabbit, but because you are a raccoon and not a human, and I thought you were dead.

Rakoon Maroon: Yes, I am the deceased creator RK Maroon and the reason I am a raccoon is that Mike Teavee, the Roger Rabbit fan, revived me by mixing DNA from my human self and a drawing of me in raccoon version and Toonforce magic.

Report: Very interesting idea of resurrecting a deceased human by turning him into a caricature.

Roger: And here's the surprise (shows him the door that leads to Willy Wonka's factory)

Reporter: Hey Roger, that's a door.

Roger: It's not just any door, it's a magic portal that takes them to Willy Wonka's factory in London, England. Look.

Willy Wonka: Oh hello Mr. Reporter and Johnny Jay Cat and Roger Rabbit

Charlie: Oh my god, I'm on TV. Hello friends, how are you? I'm famous. (Charlie turns to the TV because the camera focuses on him and it becomes like an infinite loop.)

Charlie: Great, this is like being inside a television and with another television with and another and another and another, wow

Reporter: Thanks for meeting us, but we have to go. Bye. (Reporter, cameraman, Roger Rabbit, and Johnny Jay Cat leave through the door that leads to Toontown.)

Charlie: Wow, I enjoyed meeting Roger Rabbit's friend, Johnny Jay Cat.

Willy Wonka: I really liked that cat. Reporter: Although the 8 were already found, there are only 2 golden tickets left, and let's wait until tomorrow.

(Meanwhile in Atlanta, Georgia, Cornelia Prinzmetal watches the news on a television in an electronics store.)

Reporter: The ninth golden ticket has been found, and the winner is a 23-year-old Japanese girl named Nishiba Ketsubi.

Nishiba Ketsubi: Konichiwa

Reporter: Dear Nishiba, how did it go when you found the ticket?

Nishiba ketsubi: I always wanted to find the golden ticket and meet Willy Wonka when the first golden ticket contest was held since 2005 when I was a little girl I had no luck but when I watched it again in 2025 on TV I saw a commercial that announced that the new golden ticket contest was going to start so I had a second chance and I was able to buy a Wonka bar and I was finally able to find the golden ticket

Reporter: Oh wow, how lucky it seems that this girl was a veteran who lived through the Wonkamania of 2005 and didn't get lucky, but she finally found the golden ticket. And now there's still a golden ticket that's probably somewhere in the world.

Cornelia Prinzmetal: Wow, 9 Wonka Bar Golden Tickets have already been found and now only one Wonka Bar is missing with that golden ticket and my friend Ogilvie Maurice and I still haven't found the golden ticket and I think this is not going to happen, uh, what is this? (She sees a 100 dollar bill buried in the ground in the park and digs it up and takes out the 100 dollar bill.)

Cornelia Prinzmetal: Wow, this is my lucky day. I think I have a chance to buy a Wonka bar and another one for my friend Ogilvie.

(He goes to the candy store and buys 2 Wonka bars that cost 1 dollar and then his friend Ogilvie Maurice Beauregarde arrives)

Ogilvie Maurice Beauregarde: hi cornelia

Cornelia Prinzmetal: Oh Ogilvie, how are you and what are you doing here?

Ogilvie Maurice Beauregarde: I was going to this store for a Wonka bar and I saw you come in first.

Cornelia Prinzmetal: Well, today is your lucky day. I bought two Wonka bars, one for me and one for you.

Ogilvie Maurice Beauregarde: Great! Finally, if I find the last golden ticket, I'll finally meet Willy Wonka and finally help my sister.

Cornelia Prinzmetal: I just wanted to visit the factory like my best friend Violet B did.

(Ogilvie opens the chocolate and finds nothing and shouts NOTHING)

Ogilvie Maurice Beauregarde: NOTHING again nothing I think I have a lot of bad luck today well thank you very much Cornelia I'm going to go home sad because I'm not going to help my sister

Cornelia Prinzmetal: Poor Ogilvie, I hope my Wonka chocolate has the ticket (Cornelia opens the Wonka bar and notices something golden and it's the golden ticket)

Cornelia: It can't be, it can't be, it's a golden ticket, and wait a minute, it's me, I saw another golden ticket (she realizes that the chocolate has 2 golden tickets)

The seller: Oh my god, a girl found a Wonka bar with 2 golden tickets.

Kids in the store: A Wonka bar with 2 tickets. That's impossible. It's not supposed to be 10, not 11. I want your tickets, please.

Cornelia Prinzmetal: Please stay away, don't steal my 2 tickets.

Seller: Enough, kids, don't take those tickets away. Hey, I can help you.

Cornelia Prinzmetal: Yes, sir, salesman.

Seller: Your friend said he wanted the golden ticket just to help his sister and he felt bad that he didn't find the golden ticket and it's better that you give that ticket and help him.

Cornelia Prinzmetal: Oh, thank you (She leaves the store and runs looking for her friend Ogilvie until she finds him walking very close to her house)

Cornelia Prinzmetal: Hey Ogilvie, I have good news. I found the ticket.

Ogilvie Maurice Beauregarde: Seriously, that's great, but not for me. I'm sad that my plan to save my sister was ruined.

Cornelia Prinzmetal: I have a surprise for you, look (Ogilvie turns around and sees that Cornelia has 2 golden tickets)

Ogilvie Maurice Beauregarde: But a Wonka bar with two golden tickets is very rare and also impossible. There must be 10 tickets, not 11. Wow, that's a lot of luck.

Cornelia Prinzmetal: Yes, and the other ticket is for you, Ogilvie.

Ogilvie Maurice Beauregarde: Oh, thank you so much, Cornelia. I think I'll finally help my sister, Violet B.

(Scarlett Beauregarde appears, the mother of Ogilvie Maurice Beauregarde and Violet Beauregarde)

Scarlett: Son, how many times have I told you not to talk to strangers? Wait, she's not your sister Violet Beauregarde's best friend.

Cornelia Prinzmetal: Wait a minute, you're my best friend Violet Beauregarde's brother.

Ogilvie Maurice Beauregarde: Uh yeah and besides I didn't know my sister had a friend

Scarlett: Wait, that's a golden ticket. No, no, no, bad boy. How many times have I told you not to buy things from that chocolate-loving Mad Hatter?

Ogilvie Maurice Beauregarde: Mom, I told you I want to help my sister and take her to Willy Wonka, who is the only one who knows how to cure her.

Violet Beauregarde: Mom, that's enough. I'm sick of your silly rules that you gave me.

Cornelia Prinzmetal: Violet is you, I haven't seen you for so long, and why are you blue?

Violet Beauregarde: The reason I haven't talked to you is because when I visited Willy Wonka's factory I had an accident at the chocolate factory and I ate a blueberry flavored gum and it caused me to turn blue and inflated like a balloon and Willy Wonka and his Oompa Loompas helped me deflate although I returned to my normal size but I still have my blue skin and my mom was afraid that many people see me like that so she punished me by locking myself in my room for several years that's why I haven't talked to you

Cornelia Prinzmetal: Wow, that was very sad.

Scarlett: Well, neither my children nor their friend are going to the factory.

Ogilvie Maurice Beauregarde: Enough mom, you never support me. Yes, I want to go to the factory to help my sister Violet. And besides, Willy Wonka didn't ruin her life. The real culprit was your mom. You ruined my sister's life with your silly rules, locking her in her room for a long time, not making physical contact for a long time, and not having a good time with her best friend.

Scarlett: Wow, I think I was very hard on your sister Violet with my rules. Well, I'm sorry Violet for locking you in your room and turning it into a prison.

Violet: Thanks, Mom.

Scarlett: I promise I won't be like that again and I think that what I did shouldn't be done by a good mother so I think I'll continue with my life as a normal and good mother and not a strict bad mother.

Violet: Yes, finally my life is back as it was before.

(Charlie is shown with the GPS seeing that the location of the last Wonka Bar with the 2 golden tickets was in Atlanta, Georgia, at Violet's house, and the last winners are Cornelia Prinzmetal and Violet Beauregarde's brother, "Ogilvie Maurice Beauregarde")

Charlie: Sir, good news.

Willy Wonka: What is Charlie?

Charlie: The last Wonka Bar with the 2 golden tickets were found by Violet Beauregarde's best friend Cornelia Prinzmetal and she also gave the other golden ticket number 11 to her new friend Violet Beauregarde's brother who is called Ogilvie Maurice Beauregarde and his brother is going to the factory for a reason and that is that Ogilvie Maurice tried to find the golden ticket to help his sister Violet to take her to your factory and cure her blue skin

Willy Wonka: Wait, Violet's brother tried to find the golden ticket to help his sister Violet and take her back to my factory so I can cure her blueberry skin problem. Wow, his brother isn't rude and competitive like his sister Violet and that's being a good brother.

Charlie: Hey, watch the news.

Reporter: Breaking news, the last golden ticket number 10 has just been found. It turns out that there weren't always 10 but 11 golden tickets, I repeat, 11 golden tickets. The reason is that the last Wonka Bar number 10 had 2 golden tickets in 1 Wonka Bar. I'm in Atlanta, Georgia, and with the winner is a 20-year-old girl named Cornelia Prinzmetal who found the 2 golden tickets in a Wonka Bar. Also with her friend Ogilvie Maurice Beauegarde, a 25-year-old boy who is the brother of one of the former golden ticket winners, Violet Beauegarde.

Cornelia Prinzmetal: Oh hi, how are you? I bought two Wonka bars, one for my friend and the other for me. My friend didn't find anything, and I found the two golden tickets. I gave the other ticket to my friend Ogilvie because he didn't find the ticket and he wants to visit the factory to help his sister Violet.

Reporter: And besides, Ogilvie wants to tell you something.

Ogilvie Maurice Beauegarde: Thank you, hello, I'm Violet Beauegarde's brother and she was one of the first winners to find the golden ticket since 2005. She wanted to win the special prize but unfortunately she couldn't get it because she lost because she ate an experimental gum that caused her to swell and turn blue like a blueberry. The Oompa Loompas helped her deflate it. When she got to our house, my mom punished her by telling her to never eat gum or blueberries. She locked her in her room and didn't have to leave her house. I felt very sad, but on this visit to the factory, I will ask Mr. Willy Wonka to cure her and leave her like before, please. I just want to see her happy again.

Reporter: Wow, what a sad story.

(An Oompa Loompa arrives)

Oompa Loompa Lofty Loompa: Hey Mr. Reporter, can I speak to Violet Beauegarde's brother and also Violet? I have something to talk about.

Reporter: Of course, of course.

Charlie: Hey, that Lofty Loompa on TV.

Willy wonka: genial

Oompa Loompa Lofty Loompa: Hey Mr. Ogilvie, I have good news about the contest.

Ogilvie Maurice Beauegarde: my dear hoopa hoopa

Oompa Loompa Lofty Loompa: My name is Lofty Loompa and today is your lucky day because Violet was invited to the 20th anniversary festival of the first golden ticket contest and there Willy Wonka will be able to cure her and also apologize for the accident she had. I think she always wanted to be the winner of the first contest, so it's better that Charlie gives her a second chance and also she will finally get that special prize that she wanted so much and couldn't get.

Ogilvie Maurice: Oh, thank you very much.

Violet: Finally my dream came true. I'll finally get that special prize from the factory again.

Lofty Loompa: And pack your bags, Mr. and Miss Beauregarde, and your friend Cornelia, and take all your things from your room in your house because tomorrow is the day of the 20th anniversary of the Golden Ticket festival, and the factory is waiting for you.

Charlie: What a beautiful happy ending Violet had.

Willy Wonka: Yes, and it's good that I have these sweets that can cure her. They are Wonka vitamins. They are sweets that cure any incurable disease.

Charlie: How nice, a medicinal sweet, that's a good idea.

Oompa Loompas: Good news, sir. We've remodeled your old store and Charlie's two old friends have arrived.

Augustus Gloop: Good day Charlie and Mr Wonka

Mike Teavee: Good morning, oh this is the door that leads to my studio in Toontown (opens the door and sees his entire animation studio)

Roger rabbit: oh hi mike

Mike: hello roger

Roger: Did you know that a friend of mine found a golden ticket?

Mike: Yes, I know, Roger, that news is exciting. Well, bye.

Willy Wonka: Well, Charlie's friends, tomorrow is the day of the contest and Violet will arrive tomorrow with her brother and her best friend. So I hope this day is perfect.

(The day has come where Willy Wonka is shown reopening his factory on the news on TV and different people around the world are also shown in their homes watching this event on TV and even Roger Rabbit and Rakoon Maroon and Bouncey the Bouncy Rabbit are shown in Mike Teavee's studio watching the news and even Veruca Salt working at her veterinary clinic and watching TV while her pet squirrel shells nuts and peanuts for his new owner)

Willy Wonka: Hello people of London, England. I am welcoming the 10 winners who are not actually 10 but 11. Who are Marvin Le Prune from Paris, France, Miranda Piker from Moscow, Russia, Tommy Troutbeck from Rome, Italy, Ramirez Jimenez from Mexico City, Mexico, Yingtao Lee from Shanghai, China, Princess Shayla Pondicherry from New Delhi, India, Jordan Wilbur Rice from Florida, United States, Johnny Jay Cat from Toontown, Los Angeles, California, United States, Nishiba Ketsubi from Tokyo, Japan, And of course, Cornelia Prinzmetal and her friend Ogilvie, Maurice Beauregarde, Violet Beauregarde's brother, from Atlanta, Georgia, United States, And also our special guests are Charlie Bucket's friends, who are the 3 former veteran winners of the first golden ticket contest since 2005 except for Veruca Salt because she has a job at her veterinary clinic and can't attend today and Charlie's 3 friends are Augustus Gloop a German boy who is now a chocolatier like me and Mike Teavee who is now a director and actor and animator and the new owner of the Maroon Cartoons

studio and new owner of Roger Rabbit in Toontown in Los Angeles California United States and also Violet Beauregarde (not here yet)

Willy Wonka: Wait, where's Violet Beauregarde?

Oomps Loompas: Hey Mr. Wonka, here's Violet, now cured of her blue skin.

(Violet appears with her normal skin)

Violet Beauregarde: Thank you so much guys, I'm finally back to where I was.

Willy Wonka: Oh there is Violet Beauregarde already recovered and here they are even if they are 4 because Veruca has a new life but they are the veteran winners of the first golden ticket contest of 2005 and now reunited this tour of the 20th anniversary of the golden ticket begins (Willy Wonka and Charlie Bucket and their friends and the 11 winners enter the factory)

Cornelia Prinzmetal: I'm finally at the factory like my friend.

Violet Beauregarde: yes if

Cornelia Prinzmetal: One thing

Violet Beauregarde: What is it?

Cornelia Prinzmetal: The red-haired Chinese girl named Yingtao Lee reminds me so much of you when you were little.

Violet Beauregarde: If I realized that, it's like looking in a mirror.

Yingtao Lee: What are you talking about, losers?

Violet Beauregarde: uh nothing

Cornelia Prinzmetal: Uh, I didn't talk to you.

Yingtao Lee: You know that I will be the winner and neither of you or you two will win, only me.

Violet Beauregarde: Wow, she looks just like my old self.

Miranda Piker: Hey, your cat, why do you have a huge butt?

John the Cat: Oh, they are cartoonish inflatable clown pants and they inflate by pulling this ripcord (pull the ripcord and his pants inflate very large) and they can also be used to jump high and bounce and fly and do acrobatics and you can even use them as a bag and because it is so big and baggy and you can put many things in it, do you understand inflatable baggy pants hehe

Miranda Piker: Sorry, I don't like your pants with inflatable butts.

(Marvin le prune y tommy troutbeck ven a ramirez jimenez)

Marvin le prune: Bonjour

Tommy Troutbeck: Ciao.

Ramirez Jimenez: Uh uh hola lo siento it's the first time I've spoken with a French man and an Italian and no entiendo nothing lo que dicen

Marvin le prune: Oh, calm down, I understand what you're saying correctly.

Tommu Troutbeck: Me too. Your language is very similar to ours.

Ramirez Jimenez: or is it okay?

Princess Shayla Pondicherry: Wow, this is my dad's best friend's home.

Willy Wonka: I know, and tell me how the story went about your father getting a chocolate factory.

Princess Shayla Pondicherry: Well, my dad decided to sell the chocolate from his castle in some nearby towns and then he got money to open a candy store and he earned a lot of money to buy more chocolate for his chocolate supply that was from his old chocolate castle that was running out and also other ingredients like fruits and nuts and then he was able to open his factory and that's how he became the Indian Willy Wonka

Willy Wonka: Oh, thank you very much. And it's also time to go see my magic chocolate factory.

Miranda Piker: Because the door is too small.

Willy Wonka: It's to keep the chocolate flavor in there (opens the door and shows Willy Wonka's chocolate and candy garden but the chocolate river is closed for maintenance)

Willy Wonka: Oh I forgot to mention that my chocolate river is under maintenance and at the end of the tour it will be fixed and with a special surprise and I think we are not going to use my gummy boat to go to the invention room because we are going to use another entrance that takes it to the invention room but first see my garden and grab some candy please enjoy it except you Miranda Piker

Miranda Piker: I'd better go here (She sits on a candy tree and watches the other winners eating candy)

Miranda Piker: I wish I could eat sweets, but my dad won't let me.

Mr. Leinov Nagrobsky Piker: No, you can't, daughter. If you eat sweets, you'll be a spoiled girl like everyone else. And we've also come to destroy this factory of evil. Don't you remember, daughter?

Miranda Piker: Yes, I know, Dad, I'm going to do what you have to do.

(Charlie and Willy Wonka see Miranda approaching with Johnny Jay Cat)

Johnny Jay Cat: Oh hello again hey what are you going to do nonono aaahhh (a red liquid comes out and splashes near Charlie and Willy Wonka but in reality Miranda didn't kill Johnny Jay Cat but she just pushed the cat making Johnny Jay Cat's inflatable pants crush a strawberry jelly candy)

Johnny Jay Cat: Ahh, my pants got stained with strawberry jelly, and why are you pushing me if I didn't do anything?

Miranda Piker: Well, you deserve it. If you excuse me, I'll go destroy other things.

Mr. Leinov Nagrobsky Piker: That's my daughter.

Johnny Jay Cat: Don't worry, it's good that I have another pair of extra pants (takes out another pair of purple inflatable pants and a changing room from his dirty inflatable pants and goes into the bathroom and comes out with a clean pair of pants and puts the changing room inside his pants)

Johnny Jay Cat: Ready as new

Willy Wonka: Hey, why did you come to destroy my factory and treat people badly?

Miranda Piker: Well, my dad hates sweets and wants to destroy it completely.

Leinov Nagrobsky Piker: Children should eat healthy, not junk food.

Willy Wonka: But please don't destroy other things because if you do, you two will be expelled. And don't break my rules.

Leinov Nagrobsky Piker: Okay, fine, I won't break anything in your factory. (Miranda Piker takes advantage of her father chatting with Willy Wonka and eats a candy from the garden, but her father doesn't notice.)

Miranda Piker: Wow, what a delight! This is good.

Willy Wonka: Good boys, it's time to go to the other room. Hey, young lady in red, where do you want to go?

Yingtao lee: a place that has chewing gum

Willy Wonka: Oh, I think there's a place that has gum, but I already mentioned before that we can't go by the gummy boat on the chocolate river because it's under repair, so we'll use this shortcut. (Pulls a branch from a candy tree and opens a secret door that leads to the inventing room.)

The 11 winners: wow, great!

Willy Wonka: Come on, they're taking us to the inventing room. (Charlie's friends and the 11 winners enter through the secret entrance and are taken to the inventing room.)

Willy Wonka: This is the most important room in my factory and this is where I make my candy inventions and please don't touch anything please and come here I present one of my candies that I made when I was little and I used to avoid going to school for fear of mrs trunchbull who was a bad woman and this is a candy of a joke disease and you just eat it and your skin starts to break out in red hives as if you had smallpox and you cough and sneeze and feel dizzy and have a runny nose but don't worry it doesn't last long the disease is fake and this candy is a joke and it is only temporary and so you can avoid going to school in case of emergencies if the school has strict principals

Mr. Leinov Nagrobsky Piker: Wait, Mr. Wonka, have you just created a candy that forces children to lie to their parents with jokes and not attend school? This candy deserves to be banned and destroyed. Come on, daughter, it's time to destroy these candies.

Miranda piker: papa nooo

Leinov Nagrobsky Piker: If you don't want me to help your dad, then I'd better do it myself (grabs the box of candy with joke illnesses)

Willy Wonka: Hey, what are you doing, sir?

Leinov Nagrobsky Picker: I'm going to save the reputation of all the schools (throws the box of candy into a cauldron of a high-temperature oven)

Willy Wonka: Hey sir, if I were you, it would be better if you left here.

Leinov Nagrobsky Piker: Of course I'm not going anywhere (the box of candy explodes and burns Mr. Leinov Nagrobsky Piker)

Miranda Piker: Dad, are you okay?

(Mr. Leinov Piker wipes his face but his skin becomes covered in red spots and he sneezes and coughs.)

Willy Wonka: I told him it was a bad idea to burn all the candy because it causes an explosion and if you inhale the smoke from the burnt joke candy it causes a permanent allergic reaction to everything (screams BLAHBLAHBLAH and an Oompa Loompa arrives)

Willy Wonka, take Mr. Picker to the factory hospital, but if he doesn't recover, it's better for him to return home to Russia and never return to my factory again.

(The Oompa Loompas carry Miranda Piker's father on a stretcher)

The Oompa Loompas sing

You think that educating a child in an extreme way is a good idea because they think that sweets and fun ruin children's childhood but in reality the rules are the culprits of ruining children's childhood it is better to be kind and not rude and treat them badly because otherwise they will be little troublemakers.

(The song ends)

Miranda Piker: Hey, you, sir, you just ruined my father's life and I am very, very, very happy.

Willy Wonka: Wait for it

Miranda Piker: You saved my life and besides, I'm not like my father, he forced me to be like him and I always hated rules and punishments, but also, I heard your conversation with that little man that you said you forbid my father from accessing the factory and that he never returns and that means that I'm free of rules and I will finally be a good person like everyone else.

Charlie Bucket: Hey Miranda, I can help you be a good and kind person like me, and I also knew you had a kind side inside you.

Miranda Piker: Nothing, I'll stay here and never return to Russia with that stupid father.

Willy Wonka: Awww this is beautiful a girl who I thought would be bad like Veruca or Principal Tronchatoro turned out not to be a person like Charlie who was used as a puppet by those bad people that I hate so much and finally got rid of evil and got her good side and also we have to continue with the tour and hey guys you have to look at this (shows a giant gumball machine and Willy Wonka turns it on and the machine takes out a red gumball)

Yingtao Lee: Oh, this is gum.

Willy Wonka: Yes, it is a cherry-flavored gum. Previously, this machine only produced cranberry gum, but it decided to change it to cherry because it doesn't want to use cranberry again due to an incident that one of the previous participants had, but I hope the same thing doesn't happen again.

Violet Beauregarde: I'm not afraid that girl will suffer the same thing, I must avoid her.

Ogilvie Maurice Beauregarde: Sister, what are you doing?

Yingtao Lee: I'm going to try it and I'm not afraid of anything.

Violet Beauregarde: Nooo (throws gum on the floor)

Yingtao Lee: Hey, what are you doing? Why did you do that?

Violet Beauregarde: Please don't eat that gum, I swear, don't do it because you'll end up like me before from 2005.

Ogilvie Maurice Beauregarde: Hey, it's better to forget it, not think about your traumas again.

Yingtao Lee: And I'm also going to eat another piece of gum (takes another one out of the machine and eats it)

Yingtao Lee: Wow, this is delicious and I feel a delicious cherry flavor inside my mouth (his face turns red)

Violet Beauregarde: Oh, it's not me or your face turned red, I don't want to see.

Yingtao lee: wait what (sees her hand and it turned red like a cherry and suddenly she starts to swell up just like Violet but instead of blueberry it's a cherry)

Yingtao Lee: What's happening to me?

Willy Wonka: Oh, I didn't think the same thing wouldn't happen with cherries, but I think it would.

(Yingtao Lee inflates bigger like the size of Violet in the form of a blueberry but red and out of nowhere an explosion of red smoke with the smell of cherry happens but Yingtao did not explode but transformed into a giant inflated cherry red panda like the size of Violet blueberry)

Willy Wonka: What happened?

Yingtao Lee: Wait, what's up? (She looks through the glass of the gumball machine and realizes that Yingtao is a chubby red panda.)

Yingtao Lee: aaahhh what happened to me I see myself I see myself

Violet Beauregarde: Oh my god Yingtao you look very

Cornelia Prinzmetal: This is very

Nishiba Ketsubi: KAWAII >w< (hugs Yingtao Lee's fluffy tummy)

Violet Beauregarde: I meant adorable but oh well (hugs Yingtao Lee along with Nishiba Ketsubi and Cornelia Prinzmetal and Shayla Pondicherry)

Ogilvie Maurice Beauregarde: Wow, I didn't expect this.

Charlie Bucket: Me neither, but I think this is much better than what your sister Violet suffered.

(The other winners will play with Yingtao Lee except Johnny Jay Cat)

Johnny Jay Cat: Hey, what about me? I'm also a cute, good kitty. (Johnny purrs at Yingtao Lee.)

Willy Wonka: Wow, I wonder why he turned into a red panda.

Oompa Loompa Danny: Hey Mr. Wonka, the cherries you bought were imported from China, and I discovered that some of the cherries had little red panda hairs, that's why they turned into a red panda.

Willy Wonka: Oh, I understand.

Yingtao Lee: Thanks guys for the hug (Yingtao Lee suddenly returns to his human form but deflated and without red skin)

Yingtao Lee: Oh, I got my real body back.

Violet Beauregarde: Oh great, and you also want to be my friend because you look a lot like me.

Yingtao Lee: Yes, of course (the two hug each other)

Willy Wonka: Wow, what an adorable moment! And besides, that girl recovered her true form without going to the juicing room. And besides, it's better to continue with the tour because we're going to make the eternal ice cream that doesn't melt.

Tommy Troutbeck: Mama Mia, did you say eternal gelato?

Willy Wonka: Yes, and it's time to go get ice cream for our eternal ice cream. Everyone come. (Willy Wonka and the 11 winners and Charlie's friends go to the ice cream mountain room.)

Willy Wonka: Ladies and gentlemen, I present to you ice cream mountain. This is the mountain I use to make the eternal ice creams, and what flavors do you want?

Charlie: I'm chocolate

Tommy Troutbeck: The Pistachio

Cornelia Prinzmetal: cookies and cream

Willy Wonka: Good choice (an Oompa Loompa gives him some buckets and shovels and he takes ice cream out of the mountain)

Willy Wonka: Ready, we have the ice cream and we just need our secret ingredient: worms.

Charlie Bucket: Wait, did you say worms? How disgusting.

Willy Wonka: Actually, I don't mean real worms, but gummy worms, and to get them, I go to this other room (the gummy animal room, and they enter the room. Inside, there's a jungle with gummy animals).

Charlie: Wow, this place is full of gummy animals.

Willy Wonka: Yes, and this is how we'll make our eternal ice cream. We just need these worms, and then we do this to the worms (takes out a bowl and puts the worms in the bowl and crushes them).

Willy Wonka: And that's it, we now have the crushed worms and then we use the gelatin slime to cover the ice cream and that's it, we have our eternal ice cream and so you know it doesn't melt, look (an Oompa Loompa arrives with a very hot lamp and puts it near the ice cream and the ice cream doesn't melt)

Willy Wonka: Ready, our ice cream doesn't melt.

Tommy Troutbeck: Finally, eternal pistachio gelato (eats the ice cream)

Tommy Troutbeck: Oh mama mia, how delicious!

Princess Shayla Pondicherry: Hey Mr. Wonka, you created an ice cream that doesn't melt, but why didn't you make a chocolate castle that doesn't melt for my dad, Prince Pondicherry?

Willy Wonka: Oh, it's just that when I made the castle for your dad I hadn't invented eternal ice cream yet and that's why and also I think your dad is no longer interested in that idea again after he opened his chocolate factory in India and using the chocolate from his old home to sell it in chocolate bars but anyway let's go to the next room come on guys let's go to another room (Willy Wonka and Charlie and the other 11 winners and Charlie's friends go with them and go to the gum room with a surprise for Violet Beauregarde)

Willy Wonka: Here I have a special room for a special friend who was previously a winner of the first contest who unfortunately had a tragic life but thanks to the help of her brother she was able to help her overcome her past traumas and we have a surprise for her in this room that has a special gift for Violet Beauregarde

Violet Beauregarde: Oh, it's a room of gum. Wait, they only have my favorite flavors: mint and strawberry.

Charlie Bucket: Yes, a room with only your favorite flavors, blueberry-free, and we also had to destroy the blueberry gum and only focus on your favorite flavors, and also a surprise.

(Violet enters the room and sees that there are giant gumball machines and lots of edible bubbles and balloons made of mint and strawberry gum)

Violet: wow this is very fascinating because we didn't go to this room before instead of going to that inventing room

Willy Wonka: Sorry, it's just that on that day we didn't have much time to visit everyone and also this is a special room that is now your new home and it's at this door (they enter the door and find the same room as Violet Beauregarde with the same things from her house and her new office with the name that says Miss Wonka Violet Beauregarde)

Violet Beauregarde: Oh my god it's my room and they have all my stuff from home and even a cool new office.

Charlie Bucket: And we did this for you too (they show him a pink trench coat suit and a hat shaped like a gumball machine)

Violet Beauregarde: My new suit, thank you very much.

Willy Wonka: Dear, and sorry for everything that happened before, Violet, but I think you did deserve to be a winner like Charlie and that now you are officially Miss Wonka, also a winner and a new heir, just like Charlie, and also the coworker, and also another surprise: recognition as the winner of the record for chewing the most gum.

Violet Beauregarde: Thank you so much Charlie and Mr. Wonka, and especially my brother Ogilvie Maurice Beauregarde, for all this.

Willy Wonka and Charlie: Thank you very much, Violet, or rather, Miss Wonka.

Ogilvie Maurice Beauregarde: Finally, my sister was able to get everything she wanted. The special prize was working in a candy factory. (A tear of joy comes out.)

Willy Wonka: Hey, you were a good brother and I have a surprise for you. Here you also have your room along with your things from home.

Ogilvie maurice beauregarde: Thank you mr wonka

Willy Wonka: You're welcome and well this was a very emotional moment and it's time to continue with the tour to visit another room which is one of the most embarrassing for me but it's better to show it and it's the cotton candy sheep room (opens the door and a barn with pink cotton candy sheep and a vacuum cleaner to store the cotton candy wool is shown)

Charlie: Wow, I've seen this place before, but I couldn't see it in more detail. Why didn't we visit there before, Mr. Wonka?

Willy Wonka: Sorry, this place is so embarrassing that I decided to skip it for something that is better to forget (a flashback is shown where Willy Wonka tries to extract the wool from the sheep and a sheep gets scared and screams (same sound effect as the screaming goat meme) and kicks Willy Wonka)

Willy Wonka: I'd better stay outside. And you guys can pet the sheep.

(The 11 winners pet the cotton candy sheep)

Yingtao Lee: Oh how cute I want to hug them (turns into a red panda again and the sheep get scared screaming and run away)

Yingtao Lee: Oops, sorry (she's human again)

Willy Wonka: Well, it's better to continue with the tour.

The 11 winners: aaww please but well we have to go

Nishiba Ketsubi: Hey, but I didn't try the cotton candy. (Watches the group of 11 winners and Charlie and Willy Wonka's friends walk away, then decides to go back to the room again and sees the cotton candy machine.)

Nishiba ketsubi: ooh yummy I want to eat it all (presses a button and turns on the machine and the vacuum hose starts to pull out all the cotton candy)

Nishiba Ketsubi: no please turn off

(An Oompa Loompa arrives)

Oompa Loompa Remy: Hey, what's going on here?

Nishiba Ketsubi: Nothing (He puts the hose in his clothes but doesn't notice that his clothes are starting to inflate with cotton candy)

Oompa Loompa Remy: Oh, you turned on the machine and it's me because you're inflating.

Nishiba Ketsubi: What are you talking about? (Nishiba Ketsubi's clothes inflate to the size of Blueberry Violet.)

Oompa Loompa Remy: I see that you are gaining weight very quickly and your skin is filled with pink fur.

Nishiba Ketsubi: I'm not fat, I'm fine. (Her hair turns pink and fluffy, and her face becomes like a cute cotton candy sheep.)

Nishiba Ketsubi: ooh this is something good

Oompa Loompa Remy: Wait, I think it's going too far. You stuffing your clothes with cotton candy and you can't do that because if your body comes into contact with that cotton candy, you turn into a cotton candy sheep.

Nishiba Ketsubi: Oh my god, I'm such a cute little thing, I love it (she squashes her chubby body and starts bouncing and rolling like a ball with her clothes stuffed with cotton candy)

Willy Wonka: Hey, I think I forgot someone and what happened here?

Nishiba Ketsubi: Hello, look at me. I'm a little sheep filled with sweetness and love.

Oompa Loompa Remy: One of the winners entered this room and inflates his clothes and turned into a cotton candy sheep.

Yingtao Lee: Oh my god, you're cute than me now (turns into a chubby cherry red panda again)

Nishiba Ketsubi: Thank you, let's be the sweetest friends in the world.

Yingtao Lee: Kawaii Friends

The 11 winners: ooh how beautiful

Violet Beauregarde: The Chubby Red Panda Returns (very adorable moments are shown where Nishiba Ketsubi and Yingtao Lee are sweet, chubby, inflated animals and they even hug each other and the two become human again)

Nishiba Ketsubi: i back in my human form again

Yingtao lee: me too

Willy Wonka: What a nice moment and without an accident again but you have to continue with the tour to see a special room (he presses a button and a glass elevator arrives and Willy Wonka enters and presses a button and makes the elevator get bigger so more people can fit in and Charlie and Willy

Wonka and their friends and the 11 winners enter the elevator and Willy Wonka presses the button to the TV room and the elevator goes through some rails very quickly and they arrive at the TV room)

Willy Wonka: We arrived here, it's the TV room. In this room, I used it to shrink giant food to convert it to a normal size. Here is the show (Oompa Loompas arrive with a giant Wonka bar and put it on a base with a cylindrical glass dome and some cameras shoot a ray making it teleport to the TV and it shrinks and an Oompa Loompa grabs the chocolate and gives it to Willy Wonka.

Willy Wonka: Ready you see it and for those who wonder if this machine affects humans, well no, previously because of an accident a little boy named Mike entered that machine and became smaller and we had to take him to the laffy taffy puller room to make him grow again and Mike went back to how he was before but well Mike is no longer small and now he grew tall and now we have more security proof of accidents like this thanks to replacing the old CRT TV with a 4k HD flat screen TV so that if someone enters the TV, it recovers its real form when leaving and for those who wonder what happened to that boy named Mike, well he stopped playing video games and stopped being grumpy and strict to being a kind and calm person and now he became a film director and actor and animator of animated films in Hollywood and now he lives in the most magical place in the world and it is Toontown and there is the door that leads to Toontown in Los Angeles, California (Willy Wonka opens the door and Roger Rabbit comes out)

Roger Rabbit: I'm here.

Cornelia Prinzmetal: Oh my god, it's the Easter Bunny.

Johnny Jay Cat: He is not the Easter Bunny he's my best friend. He's Roger Rabbit.

Roger Rabbit: I am Roger Rabbit, a famous cartoon character, and Mike is my current owner. Come here is the studio of Mike Teavee and RK Maroon (Willy Wonka and Charlie Bucket's friends, and the 11 winners enter Mike Teavee's studio).

Roger Rabbit: Here is Mr. Rk Maroon, he is my father and he was the former owner of Maroon Cartoons until he was killed by my greatest enemy, Judge Doom, but luckily Mike accidentally revived him by turning him into a cartoonish raccoon and now he is Mike's friend.

Rakoon Maroon: Hello, nice to meet you, friends.

Willy Wonka: Nice to meet you

Mike Teavee: Guys, I think I'm going to be busy today with an animated movie. I'll see you later.

Roger Rabbit: Unfortunately, Mike is going work today on new an animated film and It's better to take a tour of Toontown. Now, follow me. (Roger and company leave the studio and walk through the streets of Toontown.)

Marvin le prune: Wow, this place is beautiful. I hope to meet Jessica Rabbit or Lola Bunny (he runs into Pepe le Pew).

Marvin the Prune: Watch where you're walking, you stinky cat.

Pepe le pew: I'm not a cat, I'm a skunk, and you're a stinker.

Marvin le prune: what did you say (the two fight)

Roger Rabbit: We should help him.

Charlie Bucket: Better not because I don't like the personality of those two guys.

Roger Rabbit: Oh okay, we must continue. And one thing also, Toontown has a place very similar to Willy Wonka's factory but instead of candy it is a factory of magical cartoon toys and it is the great Mr. Pufftendo's factory. Previously it was the Acme factory but the owner Marvin Acme was murdered by my greatest enemy Judge Doom again and then it was taken over by his grandson President Acme. Yes, that is the name of Marvin Acme's grandson but Marvin Acme's grandson turned out to be a villain who wanted to turn humans into apes but luckily Bugs Bunny and Daffy Duck managed to stop President Acme's plan by turning the evil grandson into an ape and then Mike created Mr. Pufftendo, a character inspired by Willy Wonka and now he is Acme's replacement and it is better to visit and meet him in person.

Willy Wonka: Wait a cartoon version of me that fascinates me (Roger Rabbit and Willy Wonka and Charlie and the 11 winners arrive at Mr. Pufftendo's factory (a huge colorful factory that has a circus tent and a theme park and Roger rings the doorbell and then opens a door and Mr. Pufftendo comes out who is a cartoonish clown fox with a red top hat and a red suit with gold buttons and blue pants and he looks like he is very fat but he is not fat only he wear a inflatable suit and he comes out walking slowly with a cane and accidentally drops the cane but doesn't realize it until he gets very close to Roger and Willy Wonka and their friends but the clown fox realizes that he does not have his cane and the fox begins to fall and bounces and rolls and falls with style and says welcome I am Mr. Pufftendo)

Willy Wonka: Wow, I thought he was going to hurt himself, but he didn't. And hello, I'm Willy Wonka, the most famous chocolatier in the world.

Mr. Pufftendo: Oh, how nice to meet you, I hope you know my factory. Everyone comes in. (Mr. Pufftendo presents his great toy factory, a place full of many toys and mechanical games and even has his own Oompa Loompas called Lumpy Bunnies, which are clones of Roger Rabbit but recolored with orange fur and green hair and green pants and with the same yellow gloves and the blue bowtie with yellow polka dot)

Willy Wonka: Wow, this is cooler than my factory.

Mr. Pufftendo: Yes, my friend and I want to see the museum that has all the Pufftendo products (Willy Wonka and Charlie's group go to Mr. Pufftendo's museum and go through a hallway that has pictures of different famous toy brand founders and manufacturers, for example: Harold Matson, Elliot and Ruth Handler, founders of Mattel, and the Henry, Hillel and Herman Hassenfeld brothers, founders of Hasbro, and Oleg Kirk Christiansen, founder of Lego, and even a cameo of Marvin Acme in photo).

Mr. Pufftendo: Here is the multipurpose backpack, it looks like a normal backpack but it has robotic arms for very special work tasks, and here are old products from the now defunct Acme, which are portable black holes, which are black holes that are perfect because if a chest or safe cannot be opened, you just put the hole in it and you can easily take it out, and if you are locked in the bathroom or in the car or in a claustrophobic place, use the hole to escape easily, you see. And here are some Acme

classics, which are surprise musical boxes that when you open them, a hand comes out that you can use to play jokes or maybe use it as a third hand, and also these huge red squeaky hammers.

Ramirez Jimenez: Hey, is the chapulin colodaro's Chipote Chillon.

Mr. Pufftendo: Exactly, the Chapulin Colodaro used one of these hammers and named it the Chipote Chillon. Well, here are some of the products that Coyote bought to attack his greatest enemy, the Road Runner, who was the Acme company's number 1 customer. Here is the first toy that Marvin Acme created when he was little, which is the airplanecopter stick, which at first glance looks like a stick or wand with helicopter propellers and another normal stick or wand. Well, if we rub the two sticks together, the propeller starts to move quickly and you can fly. You see, this simple toy was how the Acme brand started. There are more toys, but not only Acme or Pufftendo brands. There are also toys from other brands that marked the childhoods of many, such as the Lego bricks that were made in Denmark in 1932, the first Barbie doll from 1959, and the first 16 Hot Wheels cars from 1968.

Ogilvie Maurice Beauregarde: Oh cool! These are the first Hot Wheels cars, the Sweet 16 of 1968.

Mr. Pufftendo: Oh, a fan of Hot Wheels cars, and well, we continue with the tour. Here is also the classic Rubik's cube from 1980, and in the 90s, Disney created two toys that became everyone's favorites, and they are the cowboy Woody and the astronaut Buzz Lightyear from Toy Story. We could not even forget the video game consoles, something that also marked children's childhoods, starting with the Atari 2600 from 1977 and the Nintendo NES from 1985 and the Gameboy from 1989 and Super Nintendo from 1990 and Sega Genesis from 1989 and the Nintendo 64 from 1995 and the Sony PlayStation from 1994 and the Xbox and Nintendo GameCube and PlayStation 2 from 2001 and the Nintendo DS from 2004 and Nintendo Wii and Xbox 360 and PlayStation 3 from 2005 and the Nintendo 3DS from 2010 and the PlayStation 4 from 2013 and the PlayStation 5 from 2020 and the Nintendo switch from 2017 that are currently being sold but now the children of today, well, we continue with an invention that I invented that marked all the Toontown cartoons and they are the classic inflatable Bouncy Balloon pants, they are baggy pants that have a ripcord with a tag that says do not pull but if you pull it your pants inflate like a balloon until it looks like you have a huge butt and if you don't like giant butts here are the inflatable suits, a suit that when inflated you will look like an overweight person and well these inflatable clothes can be used to float in the water and be able to swim easily and also fly and bounce and also cushion falls and avoid accidents and many toons use these clothes to do stunts or do funny comedy jokes

Miranda Piker: Can I wear those pants please? Now I want to have a huge butt (puts on her inflatable pants)

Mr. Pufftendo: Hey girl, I forgot to mention that those clothes are only for cartoons and not for humans because

Miranda Piker: I don't care, I like wearing these pants with a giant fake butt that could go wrong (Miranda's pants deflate until they become tight but Miranda's head inflates like a balloon and her head becomes normal and her pants inflate again)

Miranda Piker: What happened? (Her hands start releasing magic powder and many toys come out.)

Miranda: But how did I do this? (Her inflatable pants butt starts farting confetti and she flies away quickly until she leaves the factory)

Miranda Piker: Aaahhh help, can someone take off these pants that make me look like I have a fat butt? Help.

ToonTown Characters: Watch a Shooting Star Girl and Make a Wish

(Miranda was gradually able to control the inflatable pants)

Miranda Piker: Wow, I think this isn't bad (a crowd of woodpeckers appear, looking like the character Woody Woodpecker and doing his laugh and the woodpeckers see Miranda's inflatable pants and the only thing they think about is bursting them)

Miranda Piker: Oh no, woodpeckers trying to explode my pants with their pointy beaks. Ahhhh, help me please.

Mr. Pufftendo: Oh, I didn't tell him not to wear those pants because they were only made for cartoons and not humans because if humans wear those clothes they will have cartoon powers and humans can't control that magic power so easily.

Roger Rabbit: Don't worry, I'll help her.

Johnny Jay Cat: Me too, and I'm going to teach you how to use Toon Force to humans who want to wear cartoonish clothes.

(Roger Rabbit and Johnny Jay Cat pull the ripcords with tag that says do not pull and their pants inflate and fly towards Miranda Piker flying at full speed in the skies of Toontown and being chased by many woodpeckers and Roger and Johnny Jay Cat manage to stop her by removing Miranda's inflatable pants but Miranda begins to fall to the ground but Roger Rabbit and Johnny Jay Cat save her with their inflatable pants butts)

Miranda Piker: Thanks, I thought having a huge butt was cool, but no, and also (Miranda kisses Johnny Jay Cat)

Johnny Jay Cat: Hehe, thank you very much, I think I'm in love with you (he hugs her and accidentally crushes Miranda with his inflatable pants butt)

Johnny Jay Cat: Oops, sorry.

(Willy Wonka and Charlie's friends arrive)

Willy Wonka: Oh, what a relief to see you're okay.

Mike Teavee: Hey Roger, I saw a flying girl being chased by woodpeckers and you and your friend Johnny the cat saved her and I had a good idea about an episode of your cartoon but related with Willy Wonka called Roger Wonka and the Chocolate factory Do you want to participate in this new cartoon, Roger?

Roger rabbit: yes p p p please

Mike Teavee: Well, I'll go with Roger to work on that new short film and you guys continue with your thing. Bye. We'll see you later.

Willy Wonka and Charlie and the other winners: well goodbye

(Meanwhile Ogilvie Maurice Beauregarde and his sister Violet Beauregarde were walking quietly through the streets of Toontown and saw Sonic and Lightning McQueen walking through the streets)

Ogilvie Maurice Beauregarde: Oh, my God, they can't be. They're my favorite idols. Wait, guys. I want to meet you.

Violet Beauregarde: Uh, brother, where are you going?

(Sonic running through the streets with Lightning McQueen to participate in the great Toontown race)

Sonic: Wow, those are some great moves, Lightning.

Lightning McQueen: You're welcome

Ogilvie Maurice Beauregarde: Oh hi, how are you? I'm a fan of you two, I've always wanted to meet you in person. I'm Ogilvie Maurice Beauregarde. I love cars like you.

Sonic: Oh great, nice to meet you and also you are a fan of cars, well there is a race at the great Hot Wheels track in Toontown, do you want to go?

Ogilvie Maurice Beauregarde: uh yes of course

Lightning McQueen: But to enter you need to be very fast or if you have a very fast car

Ogilvie Maurice Beauregarde: I don't have a car, sorry.

Violet Beauregarde: Bro, there you are. Hey, that's the blue hedgehog and the red car that you like.

Sonic: Hi, I'm Sonic the Hedgehog. Nice to meet you.

Lightning McQueen: Hi Kachow, I see your brother doesn't have a car for the race yet.

Ogilvie Maurice Beauregarde: Yes, and I still don't know where to get a new car (a Hot Wheels toy car arrives, which was a Twin Mill and that car was driven by Johnny Jay Cat and he gets out of the car and Johnny takes Ogilvie Maurice Beauregarde's Hot Wheels collection out of his inflatable pants)

Johnny Jay Cat: Hey Ogilvie, I know how and I heard you have a car collection and I brought them all.

Ogilvie Maurice Beauregarde: Johnny, but those are toys, not real. I don't think it will work.

(Johnny Jay Cat grabs a blue Ferrari Hot Wheels car and pulls out a grow gun from his inflatable pants and shoots a beam from the gun and makes the car grow to life size)

Ogilvie Maurice Beauregarde: Wow, I always wanted to do that, but how

Johnny Jay Cat: Thanks to Pufftendo's Shrinking and Growing Gun

Ogilvie Maurice Beauregarde: Cool, and you chose my favorite, the 1970's Blue Ferrari 512s. Thanks. I can finally go to the race.

(The big orange Hot Wheels track is shown along with Sonic the Hedgehog and Lightning McQueen and Ogilvie Maurice Beauregarde with his Ferrari and even Hot Wheels cars but in real size and Charlie Bucket and Mr. Wonka and Violet Beauregarde are also shown and the 11 winners and even Roger Rabbit arrive at the race to see the race that Violet's brother is going to participate in)

Mr. Pufftendo: This is the great Toontown Hot Wheels race.

Rakoon Maroon: Yes, I know, I'm very excited that Violet Beauregarde's brother will be the first human to participate in this race for cartoons and now the race is going to begin. On your marks, get set, begin.

(Sonic and Lightning McQueen are shown and Ogilvie Maurice Beauregarde in his Ferrari in a multitude of Hot Wheels cars on the orange race track and Ogilvie goes through many obstacles like a giant loop and also the orange track inside Mr. Pufftendo's toy factory and the Loompy Bunnies watch the race and then we see them leave the factory and then continue in Toontown and go through some roads that take them to many places of caritacuras such as the city of Elmore from The Amazing World of Gumball and then they leave Elmore and go through an underground tunnel that then becomes a transparent glass tunnel underwater and they go through Bikini Bottom ka SpongeBob City and then they leave Bikini Bottom and then they arrive returning to Toontown and Ogilvie Maurice Beauregarde is reaching the finish line but his car gets flat tires and loses control and Ogilvie remembered that he had an extra function in his car for emergencies and press the button and his car transforms into a blue sphere similar to a blueberry and rolls very fast like a spin dash from Sonic and Sonic and Lightning McQueen were slowly reaching the finish line but they see a blue sphere faster than Sonic or Lightning McQueen pass the finish line first and the blue sphere stops and turns into a car again without wheels)

Mr. Pufftendo: We have a winner and it was Ogilvie Maurice Beauregarde, Violet Beauregarde's brother and the first human to win the Hot Wheels race and be the first human who could go faster than Sonic and Lightning McQueen.

Ogilvie Maurice Beauregarde: Oh thanks Sonic: Wow, I can't believe you were faster than me and Lightning McQueen

Violet Beauregarde: That was wonderful, brother.

Ogilvie Maurice Beauregarde: Thank you, sister.

Cornelia Prinzmetal: Wow, you beat your favorite character, Ogilvie (gives Ogilvie a kiss).

Ogilvie Maurice Beauregarde: Hehehe, thank you very much, Cornelia.

Mr. Pufftendo: Hey, can I keep this car? I don't have it in my toy car collection. (He shows him a modern fantasy Hot Wheels car)

Ogilvie Maurice Beauregarde: Yes of course, keep it

(Mr. Pufftendo keeps it in a box with vintage toy cars and this is his first modern Hot Wheels car in his collection)

Mr. Pufftendo: Thank you.

Willy Wonka: Okay, guys, we have to go to Mike Teavee and Rakoon Maroon's studio to return to the factory and continue the tour.

Mike Teavee: I'll still be working with Roger Rabbit, and goodbye.

Johnny Jay Cat: It was a lot of fun spending a lot of time with you, Roger, but I'm going with Willy Wonka and his friends. Bye, see you later.

(Willy Wonka and Charlie and Augustus Gloop and Violet Beauregarde and the other winners except Marvin Prune arrive at the factory with the TV room door leading to Toontown)

Willy Wonka: Finally home with Charlie and his friends and the 10 winners. Wait, 10 weren't they 11? And where's Marvin the Prune?

(Marvin le Prune comes out of the door of Toontown, wounded and stinky)

Marvin le prune: Guys, you forgot, I was fighting a stinky French skunk and I'm hurt and I stink.

Johnny Jay Cat: I'll help you (he takes out a can from his pants that says instant spray bath by Pufftendo and sprays it towards Marvin and Marvin's wounds and dirt disappear)

Marvin le prune: I finally smell good but like

Johnny Jay Cat: Thanks to this invention, the Pufftendo instant spray bath, an invention by Mr. Pufftendo, in case you are dirty and stink and you don't have soap or shampoo nearby, this spray can removes all the dirt, stinky odors, and even viruses.

Marvin le prune: Well, thanks, I'm very hungry.

Willy Wonka: Oh, I think some of the participants are hungry, so follow me. (He presses the glass elevator button and everyone enters and goes to a surprise room.)

Charlie: Mr. Wonka, where are we going?

Willy Wonka: I know a perfect place to have lunch and rest (they arrive at their destination and it's the room in the Perry Plum's sugar flower garden and in the garden there's a big table with food)

Willy Wonka: Welcome to Perry Plum's Sugar Flower Garden. Here we go for lunch.

(Charlie sees some pink fairies)

Charlie: Mr. Wonka, what without those pink things that fly and throw magic dust on the candy plants?

Willy Wonka: Oh, they are Pixy Stix fairies. They are candy fairies that I created myself so they can take care of my beautiful candy flowers. With their magic sugar, they prevent the flowers from withering. It is best not to disturb them while they work. It is best to continue with our lunch. (Willy Wonka and his friends and the 10 winners eat the food on the table except for Marvin because he is obsessed with the Pixy Stix fairies.)

Marvin le prune: Hello beautiful girls, how are you? Here is an attractive boy and I want all of you to be my girlfriends.

(Fairies ignore Marvin)

Marvin le prune: Hey, are you listening to me? Here's a single guy who needs a girl. Hello, hey, are you listening to me? (Starts following some fairies.)

Marvin le prune: Hey, where are you going? Hey girls, I want your kisses on my face.

Willy Wonka: Hey marvin, I told you not to bother the fairies. They don't like obsessive guys like you.

Marvin le prune: you're wrong, nothing's going to happen

Perry Plum the Fairy Queen: Hey, why do you bother my friends by flirting or chasing them?

Marvin le prune: They are pretty and I'm looking for pretty girls because I'm handsome and attractive.

Queen Perry Plum: Sorry, your time to be handsome is over, girls Please give him what he deserves.

Marvin le prune: wait for it

(Fairies throw prune-flavored sugar on Marvin's head)

Marvin le prune: This tastes like plum my favorite fruit (a prune grows on his face)

Marvin le prune: aaahh what a prunes on my face

Willy Wonka: That's why I told you not to bother them and that's why I hate people who are human
Pepe le Pew.

(prunes start growing on Marvin's head)

Marvin le prune: ahh help

(Marvin's head turns into a plum fruit and he looks into a mirror)

Marvin le prune: aahhhh now I'm ugly (starts crying)

Willy Wonka: Blahblahblahblah

(an oompa loompa arrives)

Willy Wonka: I need you to take Plum-Headed Boy to the factory hospital and cure him with Wonka Vitamins, please.

(2 Oompa Loompas carry Marvin on a hospital gurney while some Oompa Loompas arrive and sing a song about Marvin)

Oompa Loompas: If you are born ugly you should know that your beauty is on the inside but if you are born handsome and attractive that means that you are ugly inside and because you are a pepe le pew because if you are not even a skunk if you are not a real boy then let me explain to you why because you are a human version of that skunk but instead of stinking bad you smell good but you continue with your ugly and obsessive attitude with women but your attitude has consequences that if you bother girls everyone will hate you and if you bother some magic fairies it is worse because your head turns into a giant plum with a face and that is why do not be a human pepe le pew

(The song end)

Willy Wonka: Well, I'm sorry for everything that happened, guys. The good news is that Marvin will be back to normal after the tour and it's better to continue to another room. If we need your help, please follow me. (willy wonka and his friends, and the 10 winners without Marvin go to the

(Willy Wonka, Charlie and his friends, and the 10 winners without Marvin go to the Vanilla Fudge Mountain room.)

Willy Wonka: This is the vanilla fudge mountain. It's a mountain made of vanilla and I use it to extract vanilla-flavored caramel blocks for my vanilla-flavored white chocolate bars.

And I need your help extracting the vanilla candies please (use helmets and hammers and picks please)

(Charlie Bucket, Augustus, Violet Beauregarde, and the 10 winners break up candy rocks and put them in a mine cart that takes them to the white chocolate making room.)

(Charlie picks at a rock and a rainbow rock comes out)

Charlie: Mr. Wonka, I found a rainbow candy rock.

Willy Wonka: Oh how lucky you are, that rainbow rock candy is very resistant and used to create the everlasting gobstopper which is an unbreakable and indestructible candy that never even ends and remains complete and in good condition for a long time and without starting to decompose)

Charlie: wow, great, a sweet that doesn't rot, never runs out, and is indestructible.

Willy Wonka: If the everlasting gobstopper was created for low-income children like you before you met me.

Charlie: I would have liked to try it before but I didn't have much money.

Willy Wonka: Don't worry, the good thing is that this mountain is full of that sweet mineral inside and I need to extract it for children like you who are in all the countries of the world.

Charlie: One question: What happens if they run out of this mineral or the vanilla mountain runs out?

Willy Wonka: Don't worry, this vanilla spice never runs out. It can regenerate infinitely, and even this candy crystal never runs out.

Charlie: Great, it's time to save other children like me who live in other countries.

(Charlie chops more parts of the mountain and takes out vanilla for the cart that goes a quarter of white chocolate and the rainbow crystals in the cart for the quarter of gobstoppers And the inside of the white chocolate room is shown, where they use sugar, milk, vanilla, and small portions of very fine cocoa that are mixed together to create the white chocolate, and in the gobstoppers room, the caramel crystals fall onto a special machine that makes the everlasting gobstopper.

Violet Beauregarde: Charlie, what are these rainbow crystals?

Cornelia Prinzmetal: And what do you use them for?

Charlie: I'm trying to extract some sugar crystals that serve to end poverty with the help of some special candies called everlasting gobstopper, which are candies that can last for a long time without rotting and remain intact, but I'm getting very tired trying to get them out.

Johnny Jay Cat: Don't worry, I can make them faster. (He takes out some bigger spikes from his inflatable pants and moves his hands very quickly and takes out many vanilla candy blocks and rainbow sugar crystals and they fall on the mine carts and go to those 2 rooms already mentioned.)

Charlie: Wow, what a great job you did, my friend.

Johnny Jay Cat: Thanks Charlie. I saw that you need a lot of help and helping people is my job.

Jordan Wilbur Rice: Hey Tommy, did you see what Violet's brother did? He drove a car and beat that fast blue furry guy in that race.

Tommy Troutbeck: I know, Mama Mia, you have to play with these mine carts.

Jordan Wilbur Rice: Of course, good idea. (Tommy and Jordan get into a cart and move it.)

Tommy Troutbeck: Great, it's moving.

Jordan Wilbur Rice: Hey Mr. Wonka and Charlie, look, we're playing Violet's brother. (They enter through an abandoned tunnel.)

Willy Wonka: Oh no, those kids went into the abandoned tunnel.

Charlie: What's happening where that tunnel goes?

Willy Wonka: Well, that old tunnel takes you to different rooms that take you to any part of the factory, including the incinerator where the garbage falls and where Veruca almost burned to death in that room, and I'm afraid those two boys will suffer the same fate as Veruca.

Charlie: Well, I don't want another accident with two poor innocent kids on this day. I'm going to rescue them.

Willy Wonka: No, that's very dangerous, Charlie.

Charlie: Mr. Wonka, trust me and come with me on this special rescue.

Violet: I will also include my brother and my best friend Cornelia

Willy Wonka: Well, we must go (Charlie and Mr. Wonka get on a cart with 2 wagons. Charlie Wonka and Violet get on and the others are Cornelia Prinzmetal and Ogilvie Maurice Beauregarde)

Willy Wonka: Hey Augustus Gloop, please take care of the other winners. Please take them to your room with your products from your candy factory in Germany. (Willy Wonka, Charlie, Violet, and his brother Ogilvie and his friend Cornelia go to the tunnel.)

Augustus Gloop: Okay, follow me. I'll be the temporary guide. You want to know my story of how I became a Willy Wonka from Germany? Now let's go to Mr. Gloop's candy room.

(Meanwhile Tommy and Jordan are speeding through the old tunnel and they see a cave inside with Oompa Loompas miners working in a mine that extracts rocks from sugar crystals and then in another

cave there are cookie dinosaurs and giant gummy bears and then a part becomes the tracks in a roller coaster and Charlie and Wonka and Violet and her brother and friend are following them until they get very close to Tommy Troutbeck and Jordan Wilbur Rice's wagon and they see that at the end there are 2 tracks one leads to the incinerator and the other to the pillow room and marshmallow trampolines and the only way to make them go to the marshmallow room is by moving a lever and Violet takes out a gum that chews it and creates a rope and uses it as a whip and moves the lever to the other side that takes them to the marshmallow room and Tommy and Jordan and Charlie and Willy Wonka and Violet Cornelia and Ogilvie fall on a giant marshmallow and survive the fall)

Charlie: wow that was so amazing

Willy Wonka: Yes, but very dangerous, and you two?

Tommy Troutbeck: Oh mama mia, please don't get mad.

Jordan Wilbur Rice: We just wanted to play Violet's brother. Sorry for what we did.

Willy Wonka: Okay, next time don't do it again.

Ogilvie Maurice Beauregarde: Guys, although you saw me doing these stunts in the car in that race, this should be done by professionals and you shouldn't imitate them using a mine cart because it could cause accidents.

Violet Beauregarde: Please listen to my brother.

Ogilvie Maurice Beauregarde: Hey Tommy and Jordan, how about after the tour I can teach you how to drive a real car?

Tommy troutbeck y jordan wilbur rice: genial

Willy Wonka: Excellent idea, but it's better to leave this place to meet with Augustus and the other participants and be together.

Charlie and Violet and Ogilvie and Cornelia and Tommy and Jordan: Okay (they leave the marshmallow room)

Augustus Gloop: Hello Mr. Wonka, would you like to visit my special German candy room?

Willy Wonka: Yeah, sure (Willy Wonka, Augustus, Charlie Bucket, and Violet together. The 10 winners go to Augustus Gloop's candy room.)

Augustus gloop: Welcome to my German sweets room from Mr. Gloop, which are Schwarzwälder kirschtorte and Butterkuchen, and also his Gloop brand chocolate bars.

Augustus Gloop: This is the room where my German sweets are distributed all over the world thanks to the help of my partner Mr. Wonka.

Willy Wonka: I know, Augustus. Tell him your story about how you became a chocolatier.

August gloop: Well when I returned home after the first tour of the factory, my mom punished me for eating sweets and chocolates, only fruits and vegetables, and being vegan, since I didn't like fruits and vegetables. One day I grabbed my things and my candy that my mom took from me and I tried to

escape from my house and my mom discovered me and I said I'm leaving this house and have a new life. I heard that my mom said never to come back and I left my house and I heard something and I turned around and it turns out there was nothing, that my house disappeared and I decided to go, but I got lost in the forest, but I didn't want to eat the candy I had because it would end quickly, but one day I haven't eaten for a long time and I passed out. Then I woke up in the house of an old woman named Susan Irving and she was an old friend of Willy Wonka and who worked with him at the old store on Cherry Street, but one day Willy Wonka fired her because of one day a spy from another company stole the secret recipe and Willy Wonka She fired all of her employees including Susan and Charlie's grandfather and Susan returned to her home country Germany to continue with her life and she found me in the woods alone and gave me something that cured me and it tasted very good and she told me that it was a natural medicine made from fruits and I was surprised that without hesitation I ate fruits and Susan explained to me that fruits and vegetables are not bad but good for your health and she also explained to me that many sweets use fruits to make them taste good and she even taught me how to make sweets that she learned while she was with Willy Wonka and thanks to her she taught me how to cook and have good morals and finally I stopped being a greedy child a fan of chocolate and now I could be an adult who creates sweets and chocolates just like Willy Wonka but one day I saw that she disappeared into the house and I came across my backpack and a suitcase that had a note that said dear Augustus gloop if you are reading this letter it means that you are finally the right age to fulfill your biggest dream be a chocolatier like your idol my old friend willy wonka how sad I think I'll never see him again because I don't have enough time to live and I'm probably going to be in a better place and since when I met you for the first time and I just saved you from being alone in the woods and you explained to me about your old life that you had with your mother who was very mean and strict and that she forced you to eat healthy with fruits and vegetables and that your mother kicked you out of your house and her house disappeared and although you had a very bad childhood but I helped you teach you many things that your real mother has never done in her life and is to educate you to be a good person and that you have just stopped being a spoiled and greedy child and that now you are a kind and good person and I also taught you to cook and create your own sweets by yourself and you learned something new that most of the sweets that you eat are made of healthy fruits and sometimes not sugar and chocolate and that you have just tried other flavors that are not chocolates yesno other fruits and also before you go I have a gift for you and it is my suitcase that has some things that can help you in your new life they are my kitchen utensils and my recipe books and even all my savings that I had saved and even an old suit that I made for Willy Wonka I hope that your life is sweet and perfect and that things go very well for you and that you create your own candy emporium and be the first Willy Wonka in Germany and I hope that in your new job you meet Willy Wonka himself again. Sincerely and with much love, Susan Irving, And after reading this note I felt very sad that this old woman who took care of me has left this world but I will be able to maintain her legacy by being her heir and then I arrived in the city and bought an old store and opened my first candy shop and hired new employees and earned a lot of money and then with all the money I earned I was able to build my factory and then now I finally became the German Willy Wonka and I was even able to meet Willy Wonka again and helped me import my products from Germany to England and all over the world.

Willy Wonka: Thank you for your story and that you met my old friend Susan Irving. I feel sorry for her loss and that she left this world. It's good that you stopped being a greedy kid and became an adult candy entrepreneur.

August Gloop: the nada sr wonka

Oompa Loompa: Good news, Marvin is now cured.

Marvin le prune: Wow, I'm fine and I think I better not be a human Pepe le Pew.

Willy Wonka: How good Marvin is cured and also I think the tour is about to end and I need us all to go to the chocolate room in the chocolate river please come (Willy Wonka Charlie Bucket Violet Beauregarde and Augustus Gloop along with the 11 winners leave the German sweets room towards the main room the chocolate room to see the chocolate river already remodeled with railings to prevent people from falling into the chocolate river)

Willy Wonka: Guys, we're here to witness the grand finale, but first I have to do something I've never done before. (He presses a button and the entrance doors open, and the people of London are surprised to see that the factory has finally been opened to the public, and they all come in to see what Willy Wonka is going to do.)

Willy Wonka: Hello people of London, England and other countries, Willy Wonka, for years finally decides to open the factory again to the public, just to announce that officially the tour has come to an end and now officially the 11 winners will be the new employees who will maintain my first store and before reopening my first store we have to start the grand finale with a show of the Oompa Loompas. Willy Wonka: Wow, this is like going back to the old days.

Charlie: I wish my grandfather or your father or your friend from Germany were here watching this.

Augustus Gloop: I also want my mother to come here and see that I finally met Willy Wonka again and that I am finally like him.

Mrs. Gloop: Augustus is you?

Mrs. Gloop: Augustus my son, oh, you met my best friend who met Willy Wonka and explained many things to me, that you finally accepted to eat healthier and stopped being rude and also I regret what I did and I think I will not do it again and I am grateful that you were finally like your idol.

Augustus Gloop: Thank you very much, Mom and Susan.

Willy Wonka: dad and Susan's you're welcome

Charlie Bucket: I know, Grandpa. I'm so excited that you're happy about this.

Prince Pondicherry: Thank you mr wonka

(Charlie bucket and willy wonka and augustus gloop and prince pondicherry they walk towards the factory)
